This Agent first entered on duty in the Bureau on 3-1-35 as a Temporary Typist in the Little Rock Office, however, he was placed in a permanent status on 4-26-35. On 7-21-35 he was transferred to the Seat of Government and was assigned to the Chief Clerk's Office. He was transferred to the Director's Office on 8-4-37 and on 11-1-37 he was designated as Stenographer-Reporter. His services were considered very satisfactory and he was increased in grade and salary from \$4.00 per day to CAF-4 at \$1800 per annum. He was commended by the Director in July 1937 for the excellent manner in which he participated in conducting the tours of the Boy Scouts in Washington during the Jamboree and in August 1937 for his assistance he rendered in connection with the mailing of the Director's autographed photograph to the various Boy Scouts who visited the Bureau while attending their First National Jamboree.

On 11-1-38 he entered the New Agents' Training School and at the conclusion of that training, Mr. Clegg said he got off to a rather slow start in the school and subsequently gained confidence, had a rather easy-going mannerism and his SAC should undertake to set an example of alert physical and mental activity.

From 2-5-39 until 5-1-41 this Agent served in the Pittsburgh, New York, Louisville and Memphis Offices. His work in the field was very satisfactory and it was reported that he was an enthusiastic worker, was mentally alert, exercised good judgment, possessed more than average initiative, was capable of supervising and conducting an involved investigation, and it was believed he would develop into a better than average Agent.

On 5-1-41 he was transferred to the Seat of Government and was assigned to the Director's Office. At that time he was in grade CAF-10 at \$3500 per annum. On 6-4-41 Mr. Tracy said he had been very diligent, enthusiastic, earnest and had applied himself to his duties, and there was no reason to believe otherwise than that his services would be satisfactory. On 6-16-41 he was reallocated to CAF-11 at \$3800 per annum.

On 6-17-41 Mr. Tracy said he was serious minded, intelligent and had a good background for his assignment, was attentive to detail and careful to understand thoroughly before taking action which was an excellent trait for the type of work he was doing, was accurate, calm, yet he was capable of handling a large volume of work, had an excellent attitude, understood and appreciated the problems confronting the work in the Director's Office and was sufficiently adaptable to meet the situations that arose, and it was felt he would continue to develop.

On 9-6-41 Mr. Tracy said he had continued to develop since his assignment to the Office of the Director, was alert, had exceptionally good judgment considering his length of service, had definite promise of developing along administrative and executive lines, his personality was suited to the type of work in the Director's Office, was not easily rattled and was able to handle several matters at the same time without confusion, was rather quiet and might give the impression of lacking in forcefulness, however, he was definitely not lacking in forcefulness, possessed the desirable trait of handling visitors and telephone calls from Congressmen and other Governmental officials with ease and with apparent confidence, and he was considered to be above average with above average prospects. On 10-1-41 he was reallocated to CAF-12 at \$4600 per annum.

On 3-31-42 Mr. Tolson rated him as EXCELLENT. On 8-29-42 he was authorized to handle speaking engagements before small groups in Washington, D.C. and vicinity. On 3-31-43 Mr. Tolson rated him as EXCELLENT and said he made a good personal appearance, had a good personality of the type which was helpful in his assignment, was serious minded and intelligent with the ability to handle detail carefully, had a quiet manner and was not easily

ruffled by the pressure of activities, produced a good volume of work, was cooperative and discretionary in his contacts with other Bureau employees, dictated well and was able to prepare memoranda and letters with proper conciseness, had demonstrated administrative ability and had some executive ability which enabled him to organize the activities under his supervision in a competent manner.

By memorandum Agent Nease advised he had attended the Inspection Procedure Training Course on January 28 and 29, 1944 and observed that without exception, all those in attendance appeared to be exceptionally interested in the course and were looking forward to the experience of assisting an Inspector on a field office inspection. He felt that the course was well worth while and would be of considerable benefit to all those participating therein.

Since this Agent entered on duty he has submitted several suggestions for the improvement of the work of the Bureau, some of which were adopted.

In January 1944 Mr. Tracy suggested that this Agent be considered in connection with the Bureau's long range program for the development of Special Agents for administrative and executive positions in the future.

On 2-16-44 his salary was increased to \$4800 per annum by a meritorious promotion in view of the outstanding services he had performed in furthering the successful war effort.

On 3-7-44 ASAC Crowl advised this Agent assisted him in an inspection of the Syracuse Office and said he handled his work in an intelligent and entirely satisfactory manner and his services were of distinct value in connection with the inspection.

On 3-31-44 Mr. Tolson rated him EXCELLENT. On 4-1-44 he was afforded a \$200 increase under the provisions of the Uniform Promotion Act to \$5000 per annum in Grade CAF 12.

On 7-29-44 SAC Hicks advised this Agent assisted in the inspection of the Richmond Office and advised that he does a splendid job in inspection work. He had an excellent background for this work and applied himself vigorously and it was believed that he should be used on as many of those assignments as possible because of the splendid manner in which he did this type of work.

On 8-14-44 he was reallocated to Grade CAF 13, \$5600 per annum as Special Agent (Confidential Assistant to the Director).

On 1-16-45 SAC Vincent advised this Agent assisted in the inspection of the Denver Office and said his experience in the administrative details of a field office had, of course, been limited and he required some guidance and suggestions, however, his work was very thorough and he was most sincere and was particularly interested in acquainting himself with the functions of a field office. His volume of work was very good, he put in very long hours, and his evaluation of matters was extremely good.

By letter dated 3-1-45 the Director congratulated him for completing ten years of service in the FBI and enclosed the Bureau's Ten Year Service Award Key. On 3-31-45, Mr. Tolson rated him EXCELLENT.

Mr. S. J. Tracy advised on 7-4-45 that this Agent assisted in an inspection of the Laboratory and stated that he had an inquiring mind, was well grounded in Bureau procedure and policy and his training and experience made him ideally suited for inspection work and it was

recommended that he be utilized in this capacity by the Training and Inspection Division to whatever degree might be possible. Mr. Tracy considered his status as EXCELLENT.

As a result of a basic increase in pay effective 7-1-45, and a meritorious increase effective 7-2-45, his salary was increased to \$6440 per annum in Grade CAF-13. On 2-25-46 he was afforded a Uniform Promotion to \$6650 per annum in Grade CAF-13. He was also recommended for a meritorious increase but Mr. Tolson said "not now".

On 3-31-46 Mr. Tolson rated him EXCELLENT.

On 6-30-46 he was afforded a meritorious increase to \$6860 per annum in Grade CAF-13, in view of his outstanding work performance over a considerable period of time.

As the result of a basic salary increase effective 7-1-46, his salary was increased to \$7820.40 per annum in Grade CAF-13.

On 3-31-47 the Director rated him EXCELLENT.

On 9-7-47 he received a Uniform Promotion to \$8059.80 per annum in Grade CAF-13.

On 9-21-47 he was reallocated to Grade CAF-14, \$8179.50 per annum.

On 3-31-48 the Director rated him EXCELLENT.

As the result of a basic salary increase effective 7-11-48, his salary was increased to \$8509.50 per annum in Grade CAF-14.

He attended an In-Service Training Course from 11-1-48 to 11-12-48.

On 3-20-49 he received a Uniform Promotion to \$8808.75 per annum in Grade CAF-14.

On 3-31-49 the Director rated him EXCELLENT.

As the result of a basic salary increase effective 10-30-49, his salary was increased to \$9000 per annum in Grade GS-14.

On 3-31-50 the Director rated him EXCELLENT.

On 9-17-50 he received a Uniform Promotion to \$9200 per annum in Grade GS-14.

By letter dated 11-18-50, SAC Foster advised that Inspector Nease had just completed an inspection of the Indianapolis Office, and he would like to advise the Bureau that this was a most thorough and searching inspection. He

found Mr. Nease to be very constructive in his approach to the inspection problems, and the inspection was conducted with a minimum of interference with the normal operation of the office.

His daily overtime average for October, 1950, was 2 hours 22 minutes, November was 3 hours 16 minutes, and December was 2 hours 3 minutes.

On 3-31-51 the Director rated him SATISFACTORY.

By memorandum dated 6-25-51, he was advised that he was being designated to handle Special Agent applicant interviews and examinations in nearby offices as needed.

As the result of a basic salary increase effective 7-8-51, his salary was increased to \$10,000 per annum in GS-14.

By letter dated 8-14-51 he was CENSURED for an indifferent manner displayed in reviewing memoranda which were forwarded to the Director concerning replacing agent supervisors with high grade clerical supervisors in several Divisions since memoranda was inadequate. The Director could not express too strongly his disappointment in the way he had handled this matter and insisted that Nease afford closer personal attention to such matters in the future to see that they were properly prepared and presented before being forwarded to the Director for his consideration.

A memorandum by the Director dated 2-11-52 reflected a service inquiry from Senator Kenneth McKellar for Nease's work record since he had applied for a position with the Appropriations Committee. The Director informed the Senator he could not speak too highly of Nease, that he was competent, efficient, that the Senator's gain would be the Director's loss and that Nease had informed the Director he planned to apply for that position.

On 2-12-52 he submitted his resignation to be effective 2-15-52 to take a position on the professional staff of the Senate Appropriations Committee. The Director wrote to Mr. Nease following his submission of his resignation stating that if he could be of any service to Mr. Nease either officially or personally the latter should not fail to so advise the Director and that in leaving the Bureau his loss would be felt due to Nease's great personal assistance rendered in the past.

On his cease duty report dated 2-15-52 he was rated satisfactory on personal appearance and personality and as outstanding on all other phases.

On 2-27-52 a service record was prepared for Mr. Pitzer, Special Inquiry Section, for transmittal to the Professional Staff, Senate Appropriations Committee. They were advised that his services were entirely satisfactory and nothing of a derogatory nature was known concerning his character or integrity during the period in which he was an employee of this Bureau.

On 12-1-52 the Director saw him and said Mr. Nease sought his (the Director's)

advice as to a matter about which Mr. Hendon had spoken to him concerning Mr. Nease's being interested in a position with the same company with which Mr. Hendon had been associated in Baltimore. The Director suggested that Mr. Nease talk with officials of this company before making a decision so that he might determine whether he would be interested in the work.

On 12-1-52 he called Mr. Holloman and stated he would like to see the Director, at the Director's convenience, on a personal matter on which he desired the Director's views. The Director noted, "Seen."

By letter dated 12-19-52 Mr. Nease advised the Director that it was more than kind of him to see him recently and to give him the benefit of the Director's excellent advice concerning the position offered Nease by the Mathieson Chemical Corporation. Nease had hoped to take advantage of the Director's generous offer to call upon him again after Nease had the opportunity of discussing the matter further with the officials of Mathieson. This opportunity did not materialize until that week, therefore Nease wanted to take this means of telling the Director that he had decided to accept the position offered. It was an attractive position and there appeared to be an excellent opportunity for further advancement. Nease expressed gratitude to the Director for recommending him for the position. On 12-24-52 the Director acknowledged his letter.

Information dated 1-12-53 reflected that Nease called the Director's Office to express his appreciation for recommending him to a position with Mathieson Chemical Company.

On 1-14-53 a service record was prepared for the Special Inquiry Section for transmittal to the Atomic Energy Commission.

On 3-16-53 he advised the Director's office that he was leaving the Mathieson Chemical Company to return to the Senate Appropriations Committee. He advised that he had been somewhat disappointed at the setup at Mathieson; that the personnel aspects of his job were of very minor importance and that it appeared the job would eventually be a very routine type security job, and he did not feel there was any great future in the situation at Mathieson and thought he would be better off to return to his position on the Hill.

On 3-23-53 a service record was prepared for the Liaison Section for transmittal to the Office of Naval Intelligence.

Nease contacted the Director's Office on 11-18-53 to congratulate the Director concerning his appearance on television. The Director acknowledged this call by letter dated 11-19-53.

On 6-8-54 a service record was prepared for the Name Check Section for transmittal to the Central Intelligence Agency.

By letter dated 11-3-54 he advised the Director that he had just recently returned from a trip to San Francisco and the State of Nevada, and he wanted to express to the Director his most sincere appreciation for the courtesies extended to himself and another member of the Appropriation staff, who accompanied him, by representatives of the Bureau. It was a real pleasure in itself just to again have a chance to visit a spotless, efficiently run Bureau office and he was glad that he had the opportunity. If ever he could be of any assistance whatever to the Director or the Bureau he hoped that the Director would call on him. This letter was acknowledged on 11-12-54.

By memorandum dated 12-31-54 Mr. Nichols stated he had seen Senator Hayden of Arizona at his request. The Senator stated that on 1-10-55 he would assume the responsibility of the Senate Appropriations Committee. He had not had an opportunity to dig into the matter of the Staff of the Committee as he desired. He secured a list of the Staff and found that there were 6 former agents on this list. He stated he would like to get some background on these former agents. Mr. Nichols told him we would be very glad to get this material for him. The Senator was very friendly disposed toward the Bureau and stated he would help out in any way he could if the Bureau had problems to come up. On 1-3-55 a memorandum concerning the background and Bureau training of this agent was prepared at Mr. Nichols's request for transmittal to Senator Hayden, Chairman of the Senate Appropriations Committee.

By letter to Miss Gandy dated 2-14-55 Mr. Nease enclosed a copy of a letter he had written on that same date to Dean Barnaby C. Keeney, Brown University, concerning an article appearing in the "Washington Evening Star" for 2-11-55, quoting portions of his address before the American Association of University Professors. In this letter he stated he felt Dean Keeney was either misquoted or perhaps the quotes used were taken out of context. He stated that the Director's record of combatting communism within the confines of the law and his championship of civil rights and academic freedom needed no defense. The problem of the university administrator was to distinguish between over-zealous liberals who, in their search for truth, over-reach the mark and fall prey to subversion and those subversives who use them and their good name to their own ends. Academic freedom was no longer that, but treason when it gave aid and comfort to the enemies of our country. It was a part of the communist strategy to make use of the "pseudo-liberal" in an attempt to destroy the character and reputation of any person or group of people such as Mr. Hoover and the FBI that were seriously and effectively combatting communism. Mr. Nease could not believe that one in his position who spoke for the faculty, student body and alumni of Brown University would wish to be quoted in such manner as to indicate that he was being used by such a group. By letter dated 2-17-55 the Director expressed his appreciation for this defense of the FBI when such an unwarranted attack was made.

By letter dated 3-22-55 he was offered an appointment as an Inspector in the Federal Bureau of Investigation, in Grade GS-15, with a salary at the rate of \$10,800 per annum.

By letter dated 3-26-55 he advised he accepted the appointment offered to him in letter of 3-22-55 and would report for duty at the very earliest date possible.

He reinstated in the Bureau on 4-25-55 as an Inspector in Grade GS-15, \$10,800 per annum in the Training and Inspection Division. As the result of a retroactive basic salary increase his salary was subsequently changed to \$11,610 per annum in Grade GS-15.

On 4-29-55 the Director saw him and advised that Inspector Nease expressed his appreciation for reinstatement and that he certainly intended to do the very best he could in making good upon what ever assignments he might be detailed to. He stated he wanted to be of any service he could at any time if there should arise any matter at the Capitol whereby some contact of his could be of assistance. The Director discussed with him briefly about the recent incident which arose in our Los Angeles Division and upon which a complaint had been made by Mr. W. W. Watson about the conduct of Agents of our Los Angeles Office in detaining him under mistaken identity. Mr. Nease was proceeding to Los Angeles to look into this matter.

His daily average overtime for April, 1955 was 4 hour 18 minutes for 4 days.

He attended In-Service training from 5-9 to 5-18-55. In connection with the In-Service training he submitted a memorandum dated 5-19-55 which reflected that he was rather enthusiastic over the manner in which the class was conducted and the caliber of instructions. In every instance, the lecturer appeared to be well prepared. The subject matter was meaty, to the point and well presented. He stated that he should like to be in a position to offer some constructive suggestions but at the present time he had none.

His daily average overtime for May, 1955 was 5 hour 6 minutes and for June, 1955 was 4 hours 43 minutes.

On 7-13-55 Mr. Harbo rated him SATISFACTORY and said he had been eminently satisfactory, he had made a determined effort to re-establish as quickly as possible the broad knowledge of FBI operations and procedures that he had at the time of his resignation on 2-15-52. He had been engaged in several surveys at the Seat of Government and had conducted certain field inquiries as to the handling of specific matters.

The performance of Mr. Nease had been marked by devotion, conscientiousness, industry, resourcefulness, initiative, accuracy and ingenuity to an above-average degree. He had displayed an excellent attitude and he had shown commendable enthusiasm. He possessed definite and distinct administrative and executive capability. He was well fitted for administrative assignments at the Seat of Government.

His daily average overtime for July, 1955 was 5 hours 31 minutes.

On 8-23-55 he was ordered to report to Associate Director Tolson for assignment as Inspector in his office.

Memorandum dated 8-24-55 reflected that he commenced his assignment in the Associate Director's Office with the start of business 8-25-55. No special performance rating was being submitted in connection with his transfer. Mr. Nease's services had continued to be exemplary and he had displayed commendable initiative, devotion, intelligence and aptitude.

During August, 1955, and while assigned to the Training and Inspection Division, Mr. Nease averaged 3 hours and 4 minutes overtime per day.

On 9-12-55 the Director saw Mr. Nease, who called to express his appreciation for his permanent designation in the Associate Director's Office. The Director discussed with Mr. Nease generally the pressing problems which were facing the Bureau at the present time and the importance of the work which he, Mr. Nease, was being called upon to perform. The Director stated it was obvious to him, not only from the situation as observed at Washington, but from what he (the Director) had been able to observe in the Field during the last month, that there was need for a marked tightening up on the part of our executives in the carrying out of their official duties and particularly in their supervision of subordinates so that we might have thoroughness and accuracy in all of our work. The Director pointed out to Mr. Nease this would require upon his part a rugged insistence upon all meeting their responsibilities and that the Director was looking to him to see this was carried out.

By letter dated 9-21-55 he was COMMENDED for his splendid service as a member of the Economy Streamlining Committee.

His daily average overtime for September, 1955 was 2 hours 49 minutes and for October was 2 hours 29 minutes.

His daily average overtime for November, 1955 was 2 hours and 34 minutes; for December, 1955 was 2 hours and 38 minutes; for January, 1956 was 2 hours and 27 minutes and for February, 1956 was 2 hours and 16 minutes.

On 3-31-56 Mr. Tolson rated him SATISFACTORY.

His daily average overtime for March, 1956, was 3 hours 37 minutes.

By letter dated 4-19-56 he was advised of his promotion to Grade GS-16, \$12,900 per annum, effective 5-6-56. On 4-19-56 the Director saw Mr. Nease who called to express his appreciation for his promotion to Grade GS-16.

His daily average overtime for April, 1956, was 2 hours 2 minutes; May, 2 hours 24 minutes, and June, 2 hours 54 minutes.

By letter dated 7-18-56 he was COMMENDED for his valuable services in the recent conference at the Seat of Government on improving the Bureau's inspection operation.

His daily average overtime for July, 1956, was 2 hours 50 minutes; August, 2 hours 29 minutes; September, 2 hours 24 minutes; and October, 1 hour 57 minutes.

On 11-26-56 he advised that he had been contacted to ascertain whether he would accept the position as Administrative Assistant to Senator John Stennis (D) of Mississippi. The position pays \$14,800 per annum. He stated that he was advising the Senator that he was not interested in the position and that he was completely satisfied with his present position and had no intention of leaving the Bureau.

His daily average overtime for November was 2 hours 6 minutes; December, 2 hours 28 minutes; January, 1957, 2 hours 26 minutes, and February, 2 hours 11 minutes.

On 3-31-57 Mr. Tolson rated him EXCELLENT.

His daily average overtime for March, 1957, was 2 hours 41 minutes; April, 2 hours 4 minutes; May, 1 hour 57 minutes; June, 2 hours 17 minutes; July, 2 hours 9 minutes, and August, 2 hours 17 minutes; and September, 2 hours 14 minutes.

By letter dated 10-2-57 he was CENSURED inasmuch as an error was discovered in an official communication prepared by him and directed to Spencer Drayton. This mistake indicated that he was not giving sufficient care to the preparation of this item of correspondence.

On 10-18-57 he was advised that he had^{been} designated as Inspector in Charge of the Records and Communications Division to assume Mr. Louis B. Nichols' duties upon his retirement.

By letter dated 10-31-57 he was CENSURED inasmuch as the Crime Records Section recently prepared a list of names of individuals who had accepted invitations to the FBI National Academy Retraining Session Banquet and the names of two individuals were improperly omitted. This reflected a serious deficiency on the part of the Records and Communications Division and on his part since he approved the list and at that time he was aware that the two involved guests in question had indicated their acceptance.

His daily average overtime for October was 2 hours 56 minutes.

On 11-3-57 he received a Uniform Promotion to \$13,115 per annum in GS-16.

On 11-4-57 he was transferred to the Records and Communications Division as Inspector in Charge to replace Louis B. Nichols who had retired.

His daily average overtime for November was 4 hours 41 minutes.

By letter dated 12-24-57 the Director THANKED him for the grandwork he did on the Wide Wide World program. This was an excellent job.

His daily average overtime for December was 5 hours 21 minutes; and January, 1958, 4 hours 02 minutes.

On 1-12-58 he received a Basic Salary Increase to \$14,430 per annum in GS-16. By letter dated 2-14-58 he advised that he was deeply pleased and honored to have received from the Director an autographed copy of his book "Masters of Deceit."

His daily average overtime for February was 4 hours 01 minute.

On 3-31-58 Mr. Tolson rated him SATISFACTORY.

His daily average overtime for March was 4 hours 40 minutes; and April, 4 hours 26 minutes.

By letter dated 5-7-58 he was CENSURED for the perfunctory handling by his subordinates in the Records and Communications Division of certain correspondence prepared under date of 4-29-58. There was a failure to demonstrate sufficient alertness and initiative in preparing the letters and as a result they were not acceptable. Moreover, the officials who reviewed and approved them did not discover the deficiencies and there was a failure to recognize the need to refer the letters to him for further review. These delinquencies are most serious and indicate the existence of a very undesirable situation in the Records and Communications Division.

By letter dated 5-10-58 he received his Twenty-Year Service Award Key.

His daily average overtime for May, 1958 was 5 hours 8 minutes, and June, was 4 hours 3 minutes.

By letter dated 7-22-58 he was CENSURED for not insuring that his division took appropriate action upon the receipt of the "New York Times" article of 6-22-58, concerning juvenile crime. It was felt that this matter was atrociously handled.

By letter dated 7-22-58 he advised that on behalf of his employees of the Records and Communications Division, he wanted to extend to the Director their hearty congratulations on the honor bestowed upon him by the National Association of County and Prosecuting Attorneys in their giving him the first annual "Furtherance of Justice" Award. His letter was acknowledged by letter dated 7-22-58.

By letter dated 7-31-58 he was CENSURED for the failure of his division to promptly submit appropriate letters of appreciation for recent newspaper articles relating to the FBI and there was absolutely no excuse for these derelictions. Furthermore, it was his responsibility to have made certain that such matters were being satisfactorily handled. It was noted that this was in connection with a feature article for North American Newspaper Alliance regarding the Director's career and dealing with the 50th Anniversary of the Bureau. This article appeared in the "Sunday Star" magazine on 7-27-58, and various other newspapers throughout the country.

His daily average overtime for July, 1958, was 4 hours 45 minutes.

By letter dated 8-6-58 he was CENSURED relative to procedures followed recently in receiving certain visitors to Bureau headquarters and there was a complete failure on his part to afford this important project the supervisory attention it deserved. As he was aware, the impressions received at the Bureau by many of the visitors would be the basis for their opinions regarding the FBI generally, and it was imperative that common sense and a reasonable degree of foresight be utilized in receiving these individuals. In particular, the handling of tours on 7-23-58, was shameful and most embarrassing as evidenced by the deplorable situation that occurred. Certainly, this could have been avoided if he had given a small degree of attention to the tour program.

By letter dated 8-29-58 he was CENSURED as it had been noted that personnel under his supervision were responsible on 8-18-58, for the preparation of certain urgent correspondence and this matter was handled very poorly. There was a failure to prepare the material with sufficient promptness and certain corrections had to be made in the letters. In view of these deficiencies it was evident that he had not afforded his subordinates sufficient guidance and direction. The Director noted, "These things are occurring all too frequently in Nease's Office."

Memorandum dated 8-29-58 reflected that the Cholesterol Blood Factor Study commenced 10-24-57 with Colonel M. E. Groover, physician in the U. S. Air Force, assisting in studies concerning participating Bureau officials. Blood samples were taken at monthly intervals since 10-24-57, last being taken 8-14-58. On occasion of taking blood sample of 8-14-58, Colonel Groover stated that studies by him indicated that Inspector in Charge Gordon A. Nease showed evidence of apparent stress which might ultimately cause physical damage. He was aware of this finding as Colonel Groover had personally talked to him. It was felt that no additional action should be taken at that time but the results should be closely followed and any recommended action be taken at such time as complete information was available.

His daily average overtime for August, 1958, was 5 hours 54 minutes.

By letter dated 9-4-58 he was CENSURED for the improper salutation included in the letter addressed to Miss Ruth S. Montgomery under date of 8-15-58, and it was clear that his division was seriously at fault. In addition to the shortcomings of his subordinates, it was noted that he reviewed and approved the letter in question without detecting the mistake.

His daily average overtime for September, 1958, was 4 hours 24 minutes.

By letter dated 10-31-58 he was CENSURED for his bad judgment and indifference demonstrated by him and his subordinates on 10-29-58. Specifically, a communication concerning a highly controversial situation was received and there was a failure by employees under his supervision to take appropriate steps to have this matter brought immediately to the Director's attention. Furthermore, although he received some indication that this communication had been sent to the FBI, he did not carefully check into the matter and a further delay occurred before the Director was apprised of the situation.

His daily average overtime for October, 1958, was 5 hours 35 minutes.

By memorandum dated 11-15-58 it was reflected that his mother, Mrs. W. S. Nease, had died at 12:45 a.m. on 11-15-58. On 11-15-58 a telegram expressing condolence was sent to him.

His daily average overtime for November, 1958, was 7 hours 56 minutes; and December, 4 hours 31 minutes.

During an Inspection of the Records and Communications Divisions Division in October, 1958 to January, 1959, Inspector Malone stated he was a tireless worker, completely loyal, and had an excellent knowledge of Bureau policy and procedure. He was definitely trying to do a good job but seemed to lack administrative and supervisory know-how to meet the challenge of his present assignment. During the months he had been in charge of the division, he had made commendatory accomplishments in the Records Branch,

Communications Section and Tour Unit. While he recognized the certain weaknesses of the Crime Records Section, he failed to recognize the factors causing such weaknesses, follow up with positive remedial action, and to advise the Director. His main weakness was in administration and supervision. Inspection findings indicated a need on his part for more aggressive leadership, initiative, resourcefulness, imagination and tighter supervision. It was felt if he provide the necessary leadership and administration on an over-all division basis, in due time he would be able to supervise the entire operation efficiently. The various functions of the division were rated as follows:

PHYSICAL CONDITION AND MAINTENANCE.....	FAIR
GENERAL OPERATIONS.....	GOOD
ADMINISTRATIVE OPERATIONS.....	GOOD
PERSONNEL MATTERS.....	GOOD
LIAISON CONTACTS.....	VERY GOOD

By letter dated 1-19-59 he was advised of the results of the inspection and advised he was being CENSURED AND PLACED ON PROBATION.

By letter dated 1-27-59 he submitted his resignation to be effective 2-13-59. He was resigning because of compelling personal reasons which were of a financial nature. By letter dated 1-27-59 he was advised his resignation was being accepted.

On 1-27-59 the Director saw him and stated Mr. Nease stated that he wanted to advise the Director that he had been offered a position by Senator John Stennis on the staff of the Armed Services Committee of the United States Senate. He stated that he would not have considered this offer if it was not for his financial obligations. Mr. Nease further stated that he regretted to tender his resignation at this time because he would have liked to remain and bring his present Division up to satisfactory standards and effect the improvements which were recommended by the recent inspection. The Director told him he (the Director) understood his desire to leave in view of the additional income offered. Mr. Nease indicated that if at any time he could be of service to the Bureau in his new capacity on the Hill, he hoped the Bureau would call upon him. The Director thanked him for this offer.

By memorandum dated 1-30-59 he requested to be placed on the special mailing list. By letter dated 2-3-59 he was advised he was being placed on the special mailing list.

His daily average overtime for January, 4 hours 27 minutes.

By memorandum dated 2-3-59 he requested his resignation date to be changed to be effective 2-6-59. He did resign effective 2-6-59.

By memorandum dated 4-24-59 it was recommended and approved that his name be listed for invitations to attend certain social, law enforcement, and National Academy functions, conferences, and meetings.

By memorandum dated 3-3-61 his service record was forwarded to the Special Inquiry Section for transmittal to the Atomic Energy Commission.

On 11-16-61 a letter of condolence was sent to him in view of the death of his father on 11-14-61. By letter dated 11-29-61 Mr. Nease expressed appreciation to the Director for his letter of 11-16-61.

By letter dated 1-11-62 he advised the Director it had come to his attention indirectly that his name was under consideration for some sort of a position in the Department of State's security setup. He wanted the Director to know that he was not a candidate for any position in the State Department nor had he been approached by them in this regard. The Director acknowledged his letter by letter dated 1-16-62.

By letter dated 10-24-62 Mr. Nease protested to Mr. Milt Freudenheim, c/o Chicago Daily News Bureau, The United Nations, New York, New York, the article appearing in the "Washington Post" on 10-21-62, entitled "FBI Run in Autocratic Way Ex-Agent Says." On 10-26-62 Mr. Nease forwarded Miss Gandy a copy of this letter. By letter dated 10-29-62 the Director expressed appreciation to him for his support.

FBI PERSONNEL STATUS FORM

TO: Director, FBI

Date 1-16-58

My status with respect to the items below is as follows:

(A) Name: GORDON A. NEASE (B) Date of Birth: 1-15-14(C) Marital status: Single Married Divorced Separated Widow WidowerSpouse: Name Madeline Owen NeasePlace of employment Housewife

REMARKS

SAC Foxworth states this agent creates a very good impression; is neat in appearance and has a pleasing personality. Since his assignment to the New York Office he has assisted in the judicial investigation and some minor accounting matters, as well as general assignment. In his work he has exhibited that he is aggressive and resourceful, and he approaches his work intelligently. He has received only a limited practical accounting experience, for which reason it is still necessary to assign him to work with an older accountant. He seems to be mentally alert; can readily grasp what is desired in an investigation; is industrious and enthusiastic, and exhibits an excellent attitude. He is dependable, resourceful and entirely loyal, and will continue to develop. There have been no indications of executive or administrative ability.

Upon the conclusion of the In-service School on May 4, 1940, Mr. Hince indicated that this agent has

Mr. Nathan _____
Mr. E. A. Tamm _____
Mr. Clegg _____
Mr. Ladd _____
Mr. Coffey _____
Mr. Egan _____
Mr. Glavin _____
Mr. Harbo _____

PERSONAL

Mr. Gordon A. Nease
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Nease:

I have reviewed your explanation regarding the failure of your division to take appropriate action upon the receipt of the "New York Times" article of June 22, 1958, concerning juvenile crime. This matter was atrociously handled. A memorandum should have been promptly submitted with a recommendation as to possible Bureau action.

Since you are in charge of the Records and Communications Division it is your over-all responsibility to insure that such mistakes do not occur. You must make certain that no similar lapses are chargeable to your division in the future.

Very truly yours,

J. Edgar Hoover

Dear Mr. Hoover:

On behalf of the employees of the Records and Communications Division, I want to extend to you our hearty congratulations on the honor bestowed upon you by the National Association of County and Prosecuting Attorneys in their giving you the first annual "Furtherance of Justice" Award.

It is indeed most fitting that you should be the first recipient of this award. No one has done more than you in the furtherance of justice, to raise the standards of the law enforcement profession, and to foster good relations between law enforcement and the prosecutors.

Respectfully,

Gordon Nease

ABOVE

You inquired this morning why letters have not previously been sent expressing appreciation for the ~~attached~~ articles. With regard to the NANA story (which appeared in the "Sunday Star" magazine on July 27, 1958) it will be recalled we originally sent this item to John Wheeler of NANA and he used it verbatim. This article, was, undoubtedly, bought by numerous papers throughout the country including the "Sunday Star." The McGaffin article, McGaffin being a representative of the "Chicago Daily News," deals with the 50th Anniversary of the Bureau and was based upon information of the type we generally make available to the public which was furnished to McGaffin as requested.

It is the responsibility of the Crime Records Section of the Records and Communications Division to see that such items are clipped and to see that the proper acknowledgments are made. Mr. Jones states that since the NANA story would appear in numerous papers throughout the country he did not feel that a letter to the "Star" was necessary. As to the McGaffin article, he stated that it was clipped and sent to my office and the Director's Office but that it did not cross his desk and that he has taken steps to see that this situation is corrected.

50th ~~Mr. Jones~~ Jones and his people read the papers?

I have impressed upon Mr. Jones that both of these articles should have been acknowledged and that very positive steps must be taken to see to it that any future articles are promptly acknowledged.

Attached is a letter to Benjamin M. McKelway of the "Star." The letter to McGaffin has previously been sent through.

RECOMMENDATION:

That both Mr. Jones and I be censured for this dereliction.

Sts of Censure

to Jones & Nease

**MEMORANDUM FOR MR. MOHR
MR. NEASE**

On June 22, 1958 an article appeared in the New York Times entitled "Juvenile Crime Rise Less Here Than in Other Cities of the State" by Harrison E. Salisbury. This article contained a tabulation attributed to the Bureau ranking cities of population of 250,000 or more for Class 1 or serious offenses for 1957. It was stated that these figures provide a rate of incidence to each 1,000 of total population, based on the 1950 census.

67-159271-156
It is now stated that this table was not prepared by the Bureau and that it is completely inaccurate, having been predicated upon an improper basis. I would like to know why this article was not analyzed upon its receipt by Mr. Mohr or Mr. Nease in order that my attention could be called to the inaccurate presentation together with recommendations as to whether any action should have been taken with respect to the inaccurate tabulation. It appears that Time Magazine "lifted" this tabulation from the New York Times as a result of which the Bureau has been subjected to severe criticism in connection with Uniform Crime reporting.

It further does not appear that this newspaper article was routed at any time to Mr. Leonard who has charge of the Uniform Crime reporting project. I would like to know why this was not done.

It is difficult for me to believe that high officials of the Bureau would handle a matter as important as this in such a routine manner without taking any steps of any kind to protect the Bureau's interests and I would like to be advised of the reason why such steps were not taken.

Very truly yours,

John Edgar Hoover

Dear Mr. Nease:

I have considered your explanation for the failure of your division to promptly submit appropriate letters of appreciation for recent newspaper articles relating to the FBI and there was absolutely no excuse for these derelictions. Furthermore, it was your responsibility to have made certain that such matters were being satisfactorily handled.

Since you did not do this I must impress upon you that immediate action must be taken to insure that there are no further such lapses in the future.

Very truly yours,

John Edgar Hoover
Director

Dear Mr. Nease:

I have reviewed carefully the material submitted by you under date of July 30, 1958, relative to procedures followed recently in receiving certain visitors to our headquarters and there was a complete failure on your part to afford this important project the supervisory attention that it deserves. As you are aware, the impressions received at the Bureau by many of the visitors will be the basis for their opinions regarding the FBI generally, and it is imperative that common sense and a reasonable degree of foresight be utilized in receiving these individuals. In particular, the handling of tours on July 23, 1958, was shameful and most embarrassing as evidenced by the deplorable situation that occurred. Certainly, this could have been avoided if you had given even a small degree of attention to the tour program.

In the future, I shall expect you on a continuing basis to review the handling of tours and it will be incumbent upon you to carry out your responsibilities in this regard more effectively so that there will be no similar reason to criticize you.

Very truly yours,

John Edgar Hoover
Director

The Director has inquired why captioned article was not analyzed upon its receipt by my office and why it was not routed to Mr. A. E. Leonard.

REV
Mr. Wick handled this article when it was received in my office. He advises that he well recalls this article and noted the erroneous conclusions drawn, the inaccurate reporting, plus the very flagrant practice of comparing city crime rates. He says he did not analyze it by memorandum or call it to Mr. McGuire's attention who was on my desk during my absence on annual leave, for the following reasons. Some weeks before the New York Times and the New Yorker Magazine had similarly taken a sentence out of context from the UCR in connection with persons under 18 years old being responsible for 47.2 per cent of all serious crimes. The New York Times completely distorted the picture. In this instance, here again was distortion from the same paper. Wick states that in his best judgment it would have been pointless and useless to write this paper to set them straight since it would do absolutely no good; that he classes them in the same category as the New York Post so far as trying to carry on meaningful correspondence. While it has no bearing on the error in this instance, even though a letter had been written to the New York Times, it is doubtful that it would have retarded the Time Magazine article since it is known that Time "lifted" the article and went to press the day it appeared in the New York Times (6-22-58).

at least should have been alerted & given opportunity to pass on it.
Upon Wick's attention being called to the Time Magazine article, he immediately recognized the "lift" from the New York Times, he recalled the clipping, obtained it from Bureau files and furnished it to you as the basis for the Time Magazine article. He states that he felt the time was now proper to set the record straight.

Wick talked to Fred Gruin, News Editor, Time Magazine's Washington Bureau, on July 17 pointing out to him the grave errors in their June 30 and July 21 issues. Mr. Gruin readily admitted Time Magazine was wrong and would no doubt consider a retraction if Mr. Hoover would write a letter clarifying wherein they were in error. Mr. Gruin explained he understood that Time "lifted" the New York Times piece the day it appeared without having their Washington Bureau check the accuracy of it with FBI Headquarters as they should have done.

- 1 - Mr. Mohr
- 1 - Mr. Leonard
- 1 - Mr. Jones

GAN:ogh (5)

Nease to Tolson memorandum

Mr. Wick tells me that he honestly believes it is pointless to get into any kind of a contest with a skunk -- namely the New York Times. He certainly has the best interests of the Bureau at heart, but in this instance he erred in judgment, in that he did not make opinions known to his superiors.

Insofar as the routing of this article is concerned, Mr. Wick does not recall whether the article had yet been in Mr. Mohr's office when he received it, but he did recognize the importance of it for future reference and indicated on the clipping that it should be filed after proper routing. In the Records and Communications Division, we follow the procedure of writing the name of other persons within this Division who should see such material beneath the routing block if it is not known they have a similar copy.

CONCLUSION:

why didn't Mohr's Division route the article to Leonard? I want to know. H.

In analyzing this matter, I am inclined to agree with Wick that it would probably have done no good to get into a paper war with the New York Times, but his handling of this matter was inadequate in two respects. He should have prepared a memorandum making his views known to you and the Director, and even though the Statistical Section is under another Division, he should not have relied upon them to call the matter to Mr. Leonard's attention. This matter is being impressed upon all members of the Records and Communications Division to prevent a recurrence.

RECOMMENDATIONS:

1. That Mr. Wick be censured.

routing H. Mohr for not routing to Leonard. H.

2. That I be censured for the failure of the Division.

gm H.

Certainly, Mr. Hoover should have been alerted to the incorrect use of the crime figures and the false attribution of the Times tabulation to the Bureau

This was previously handled by Nease & Mohr.

August 29, 1958

PERSONAL

Mr. Gordon A. Nease
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Nease:

I have noted that personnel under your supervision were responsible on August 18, 1958, for the preparation of certain urgent correspondence and this matter was handled very poorly. There was a failure to prepare the material with sufficient promptness and certain corrections had to be made in the letters. In view of these deficiencies it is evident that you have not afforded your subordinates sufficient guidance and direction.

I desire you to take immediate steps to assure that in the future all items of urgent correspondence are handled with a higher degree of dispatch and accuracy so that there will be no further occasion to call your attention to such weaknesses.

RECORDED - 140

Very truly yours,

J. Edgar Hoover

Dear Mr. Nease:

I have reviewed your explanation for the improper salutation included in the letter addressed to Miss Ruth S. Montgomery under date of August 15, 1958, and it is clear that your division was seriously at fault. In addition to the shortcomings of your subordinates, I note that you reviewed and approved the letter in question without detecting the mistake.

Greater care should be exercised in the future in the preparation and review of official correspondence so that mistakes of this nature may be avoided.

Very truly yours,

J. Edgar Hoover

Office Memorandum • UNITED STATES GOVERNMENT

TO : MR. TOLSON

DATE: July 30, 1958

FROM : G. A. NEASESUBJECT: LETTER FROM SENATOR PRESCOTT BUSH
CRITICAL OF BUREAU TOUR POLICY
4-11-11 FUR

Tolson	_____
Boardman	_____
Belmont	_____
Mohr	_____
Nease	_____
Parsons	_____
Rosen	_____
Tamm	_____
Trotter	_____
W.C. Sullivan	_____
Tele. Room	_____
Holloman	_____
Gandy	_____

By letter dated July 28, 1958, Senator Prescott Bush forwarded a communication from a constituent, Mr. Bruce E. Opdenbrouw, Bridgeport, Connecticut, which ^{was} critical of the Bureau's tour policies insofar as handling of Congressional form letters is concerned. Mr. Opdenbrouw made four allegations:

Allegation #1 - Rainy day. Persons waiting on the sidewalk got wet while inside corridors could have been used to keep them dry.

On July 23, 1958, the day Mr. Opdenbrouw visited the Bureau, the queue line was kept at a minimum a majority of the day. However, when a heavy rain began to descend, there were approximately 400 people waiting outside the building for a tour. Our center entrance joins the 1700 corridor in which the offices of the Domestic Intelligence Division (Espionage Section) and certain General Services Administration (GSA) space are located. As many people as possible were brought in out of the rain and placed in the middle entrance lobby although some necessarily had to remain outside the building. We have been acutely aware of the fire regulations which prohibit the jamming of corridors and rather strenuous rules have been prescribed by the fire marshal as to the number of people permitted in the entrance lobby at any one time. Likewise, it was deemed inadvisable to pack the corridors along the space occupied by the Espionage Section of the Domestic Intelligence Division in view of possible security reasons.

Ridiculous *43-507*
In view, however, of the complaint of Mr. Opdenbrouw, this matter was discussed in some detail with the GSA fire marshal on July 30, 1958, who advised that the corridors must not be jammed under any circumstances but that it would be permissible in the future to place visitors single file along the corridor wall next to the windows in controlled lines so long as they are away from the exits. This in effect means that in an emergency we could have a single line of people along the 1700 and the 1500 corridors, much of which space is occupied by the Domestic Intelligence Division. Even had this been done on the day in question it would not have accommodated all of the people who were waiting. There is attached a diagram of the first floor of the Justice Building for the Director's convenience in seeing just where these corridors are located. *RPX*

SENT DIRECTOR
FOR APPROVAL
1-20-58

3/100

Memorandum to Mr. Tolson from G. A. Nease
Re: Letter from Senator Prescott Bush Critical
of Bureau Tour Policy

I have checked with Mr. Belmont, who feels that by lining the corridors there would be some security hazard but he feels that this could be controlled in cases of emergency. There would, of course, be some unsightliness and noise involved in doing this and undoubtedly some muss in the corridors since many people are inclined to bring food and candy bars along with them. In the future we will follow this procedure if it is agreeable to the Director. While this may not accommodate all of the people who might be waiting at the time, it would be of benefit to some.

Allegation #2 - Mr. Opdenbrouw advised Senator Bush that his letter of introduction meant nothing, that the Opdenbrouws had to take their place in line with others who also had letters.

During the summer, our rush season, we sometimes average 300 to 600 Congressional form letters per day introducing constituents. On the day of Mr. Opdenbrouw's visit (7-23-58) 2,000 people visited the Bureau. Of this number, it is estimated that approximately 300 had Congressional form letters. If we were to give special tours to all bearers of Congressional form letters, we would have to supplement our tour leader personnel by a considerable extent. It is impractical to grant preferred attention to bearers of such letters since there would necessarily still be a waiting period and although they might be taken through in groups of 20 to 25 this is the same size group that we now take through the Bureau. It has been the policy that visitors to the Bureau, unless they are relatives or friends of a Congressman about whom the Congressman calls personally, should be handled on a first come, first serve basis. It is believed that this is the only fair thing to do as it prevents criticism from those who would cry discrimination. We feel we should continue to follow this policy in view of the prominence of our tours.

There again we failed to work out a proper procedure. K

Allegation #3 - Mr. Opdenbrouw pointed out that he observed small groups of 3 or 4 persons getting inside rooms for a closer look and better explanation. He asked Senator Bush how this could be arranged.

We do, of course, take special tours when the circumstances warrant. On the day in question, we had a large number of special tours, one

Memorandum for Mr. Tolson from G. A. Nease
Re: Letter from Senator Prescott Bush
Critical of Bureau Tour Policy

arranged by Mrs. Eisenhower, another White House tour for the children of Fred Waring, the band leader, several visiting agents and their families, a number of police officers, and prominent individuals. It is probable that Mr. Opdenbrouw saw a number of small special tours being taken through the Bureau. There were at least 10 agent-assigned tours on that date. It is felt that our policy in connection with special tours should continue.

Allegation #4 - Mr. Opdenbrouw stated that "Tour groups were so close together that each group heard three guys talking at the same time and it did not help in understanding the exhibits."

This was no doubt true on the day in question. We definitely restrict, under ordinary circumstances, the groups in the exhibit rooms to two at one time; however, on rainy days, in order to take care of the public and get them out of the rain as quickly as possible, as occurred on July 23, an attempt was made to get as many people as possible on the tours in order to get them out of the rain. There were on occasions three separate groups in Exhibit Room #1 at the same time throughout the day in question.

To prevent this occurring again under similar circumstances, we will so marshal the groups in Exhibit Room #1 so that one tour leader may do the talking for the entire group.

RECOMMENDATIONS:

(1) That the attached letter be sent to Senator Bush. It is suggested that DeLoach, who has previously contacted the Senator, personally deliver the letter in order that he can personally explain our policies to the Senator.

OK.
K

Memorandum to Mr. Tolson from G.A. Nease
Re: Letter from Senator Prescott Bush
Critical of Bureau Tour Policy

(2) In the future in case of rain we will attempt to line the 1500 and 1700 corridors with as many people as possible consistent with fire regulations. This will require additional personnel on such occasions to control the lines but it is believed that it can be handled.

I place no sub-
stance in the element
of security raised by
Dom. Int. Div. That
is just a lot of
hush & equivocation.
H.

Certainly there are plenty
of corridors on all floors
1st 2nd 3rd & 4th if
necessary so no one will
have to wait outside in in-
clement weather. H.

(3) Henceforth, if it is necessary to have more than two groups in Exhibit Room #1 at one time, one tour leader will do the lecturing for all.

Certainly. It just shows Nease
has not been on top of this project
as he should have been & has not
recognized the project. has been
"grousing" & that he should have
"shown" with it & frequently re-
iterated it from time to time. H.

(4) It is our policy whenever there is a queue line, and it was done on this occasion, to explain to those waiting why a wait is necessary and why they cannot be taken inside the building. Apparently Mr. Opdenbrouw either did not hear or did not agree with our explanation. We will continue this policy.

any thoroughly disgusted
in which the tour leader
H. is shameless
for a situation as
pained of the arising
a good degree of attention
in this room a counter
is to be strenuously
renewed.

 Gandy _____

The Director in the attached memorandum of July 18, 1958, concerning the above-captioned subject stated he would like to know why this article was not analyzed upon its receipt and further, why the article was not routed to Mr. Leonard who is in charge of the Uniform Crime Reporting project and finally the reason why such steps were not taken. The Director's memorandum had attached the pertinent article and both are attached hereto.

J.P. Mohr

The New York Times article was received in my office on July 1, 1958, according to time stamps appearing thereon and was initialed by Mr. Callahan for me in my absence on annual leave. Mr. Callahan states that upon noting the article and the fact that it was also checked to other officials, assumed that since it related to a newspaper release it would be appropriately handled by Mr. Nease's Division. He fully appreciates the falseness of this assumption and the further fact that he should have written Mr. Leonard's name below the block so that it would come to Mr. Leonard's attention before final filing.

G.A. Nease

Mr. Callahan has no excuses to offer for his failure in this respect. He assures me, however, that he did not view this article in a routine manner at the time he initialed it bearing in mind the publicity that has accompanied the 1957 Uniform Crime Reports Bulletin and erroneously assumed that the press relations angle in connection with the article would have been promptly handled by the Records and Communications Division in coordination with Mr. Leonard and had other articles growing out of the Uniform Crime Reports Bulletins.

Mr. Callahan has been informed in no uncertain terms of the inept handling of this article and although he feels very badly about it he cannot feel but that he is deserving of a most severe letter of censure.

RECOMMENDATION

It is recommended that Mr. Callahan receive a strong letter of censure pointing out his inept handling of the New York Times article of June 22nd.

W. C. Sullivan	_____

A letter to Ruth S. Montgomery under date of August 15, 1958, was prepared in the Crime Records Section, and it carried the salutation "Dear Miss Montgomery." The letter was predicated upon a newspaper column written by Ruth S. Montgomery which mentioned the Director's book. The column contained a handwritten notation from Miss Montgomery in a rather personal vein. The letter was returned from the Director's Office with the query as to whether or not the salutation should be "Dear Ruth." The Reading Room advised it had a card based on the yellow of a letter prepared in your office on February 12, 1958, to Miss Montgomery showing the salutation used at that time as "Dear Ruth." The letter accordingly was reprepared in the Crime Records Section 8-18-58 with the more personal salutation and sent through for approval.

Special Agent [] of the Crime Records Section had the matter assigned to him for handling and prepared the original communication going to Miss Montgomery dated August 15. [] has advised that he recognized at the outset that perhaps a "first name" salutation would be in order. He checked the Crime Records mailing list, which was negative, and then had the indices searched and requested File Review to ascertain what salutation was used in prior correspondence. File Review advised him that there was no record of prior correspondence with Miss Montgomery since 1951, at which time the salutation "Dear Miss Montgomery" was used. [] also checked the editorial ticklers and the "author" ticklers in the Crime Records Section inasmuch as Miss Montgomery formerly was with the International News Service. [] did not check with the Reading Room as he believed the mailing list material in Crime Records had the same data as the Reading Room. [] subsequently rechecked, and again obtained negative results.

G. A. Nease to Mr. Tolson memorandum

The first name salutation of Miss Montgomery should have been reflected on a reference card maintained in the Crime Records Section mailing list. This salutation was first used on a letter prepared in your office to Miss Montgomery transmitting her a copy of "Masters of Deceit." The yellows of all such letters were returned to Crime Records Section after the books were sent out. Various clerical employees, as their work permitted, were utilized to check all the yellows against the mailing list so that appropriate changes could be made to justify it. One of these employees failed to note the letter to Ruth Montgomery and accordingly, no card was made. It has been impossible to ascertain the identity of the employee who was negligent in this regard. The Reading Room did adjust their records accordingly when the letter passed through there.

I have checked with the Reading Room and have learned that the outgoing to Miss Montgomery dated August 15 was not read in the Reading Room. The yellow shows it was stamped into the Reading Room shortly after 3:00 p. m. on Friday, August 15, but it does not bear the initials of any of the correspondence reviewers. Each of the correspondence reviewers has been questioned by [] and none recall reading the letter. [] has thoroughly rechecked the manner in which mail coming into the Reading Room is handled, advising that as soon as it is stamped in by her, she personally makes the distribution to the individual correspondence reviewers and the only logical explanation she can offer is that this particular piece of mail, after being stamped in, was either inadvertently picked up by one of the reviewers with another piece of mail which had already been read and was put in the outgoing to the Director's Office, or that it became attached to another outgoing which had already been approved and it was not then detected that it had not been read.

b6

[] advises this is the first instance to her recollection of years in the Reading Room where a piece of mail had been stamped in to be read and had not actually been handled by a correspondence reviewer. All of the correspondence reviewers have been very thoroughly alerted to the need for meticulous care in handling of correspondence on their desks so that each and every page of every item is thoroughly scrutinized and properly handled.

The error in the salutation came to light when [], on Monday, August 18, began rechecking all sources a third time. It was at this point that the Reading Room, on receiving the inquiry from [] office, advised of the existence of the card showing reference to the salutation "Dear Ruth" used on the February 12, 1958, letter. [] handled this inquiry and when the reprepared correspondence came through subsequently Monday afternoon, August 18, she checked it and the yellow bears her initials that it was read by her.

G. aA. Nease to Mr. Tolson memorandum

RECOMMENDATION:

1. Since Mr. Jones has the over-all responsibility of the Crime Records Section, it is recommended that he be censured because of the failure to have an appropriate reference card on Miss Montgomery in the Crime Records Section mailing list.

✓

2. [] who prepared the initial letter to Miss Montgomery, did recognize the probable need for a "Dear Ruth" salutation. He made an above-average effort to run this out. He did not check with the Reading Room, however, which is the one place under the circumstances that could have set him straight. I think, however, he was justified in relying upon the Crime Records mailing list which should have contained all information contained in the Reading Room. This matter has been called to his attention orally and it is therefore recommended that no further action be taken concerning him. The failure in this instance is basically one resulting from the flaw of the administration of the section rather than on the part of the individual. b6

W. C. Sullivan

The following is submitted concerning the handling of the above letters in this section on August 18, 1958. The two letters were received in this section around the middle of the afternoon and after getting instructions from Inspector McGuire I called SA Harold P. Leinbaugh, who was acting in charge of the Correspondence Unit, to my office. I indicated that good letters were desired to both Benson and Wilkinson and that it was imperative that they be gotten up promptly since it was desired that they be sent out to the Director last night. Mr. Leinbaugh gave appropriate instructions to SA Jack Keith, Jr., who was asked to prepare the letters. Mr. Leinbaugh states that he checked with Keith periodically (on at least three occasions) concerning his progress. The finished letters were brought to my desk shortly prior to 5:30 p.m. In looking them over I felt perhaps that Wilkinson should be referred to as "Dr. Wilkinson." Mr. Keith checked on this matter and found that this was correct which made it necessary to retype both letters and only one stenographer was on duty at this time. The finished letters were taken to your office about 6:45 p.m. Mr. Keith inadvertently failed to remove the informal slip showing prior invitations for speeches at this University.

OBSERVATIONS:

It was Mr. Keith's primary responsibility to prepare both letters and to get them up on time. He failed to be sure what was the proper title for Wilkinson which made it necessary for both letters to be redone. This was the primary cause of the delay.

RECOMMENDATION:

SENT DIRECTOR
FOR APPROVAL
8-22-58

It is recommended that Mr. Keith be censured for his handling of these letters.

ADDENDUM:(JJM:SAK) 8-19-58: Mr. Jones was given instructions orally on the handling of these two letters at 2:45 p.m. They were not received in my office until 6:45 p.m., an unreasonable delay of 4 hours. Additionally, the letters were prepared with unfranked envelopes instead of franked envelopes and neither Mr. Leinbaugh, Mr. Jones nor Mr. McGuire of my office noted the informal slip which had been prepared in Mr. Belmont's Office for his information only and which should have been removed from the outgoing material since it was not pertinent. Accordingly, I recommend in addition to Mr. Keith being censured that Mr. Leinbaugh, Mr. Jones and Mr. McGuire also be censured.

Office Memorandum • UNITED STATES GOVERNMENT

TO : Mr. Mohr

DATE: August 29, 1958

FROM : H. L. Edwards

SUBJECT: CHOLESTEROL BLOOD FACTOR STUDY

Tolson _____
 Boardman _____
 Belmont _____
 Nease _____
 Parsons _____
 Rosen _____
 Tamm _____
 Trotter _____
 Clayton _____
 Tele. Room _____
 Holloman _____
 Gandy _____

Above-captioned study commenced 10/24/57 with Colonel M. E. Groover, physician in U. S. Air Force, assisting in studies concerning participating Bureau officials. Blood samples taken from such officials at monthly intervals since 10/24/57, last being taken 8/14/58. On occasion of taking blood sample of 8/14/58, Colonel Groover stated studies by him indicated that Inspector in Charge Gordon A. Nease and [redacted] both of Records and Communications Division, showed evidence of apparent stress which might ultimately cause physical damage. Both Inspector in Charge Nease and [redacted] are fully aware of Dr. Groover's findings as a result of his "stress factor" test inasmuch as Dr. Groover personally talked to them both.

b6

Additional information secured from Dr. Hames of Claxton, Georgia, who on an over-all basis has been the physician directly engaged in running and evaluating the tests, indicates that Colonel Groover's statements are premature and that no definite evaluation of a "stress factor" can be made until one year has elapsed from the time tests for the "stress factor" commenced. This information was furnished by Dr. Hames to [redacted] on the occasion of his contacting [redacted] to ascertain whether it would be possible to accelerate the shipment of the blood samples to him. There has been some delay out of Colonel Groover's office and action is being taken to accelerate such shipments.

Colonel Groover advised that such "stress factor" tests began only recently and that they have been made in conjunction with the over-all cholesterol blood factor study. These "stress factor" tests have been made by Colonel Groover unknown to Dr. Hames and although Colonel Groover has simply been extending additional services to the Bureau officials, Dr. Hames stated that since he now has the experimental facilities available in order to run such "stress factor" tests himself, he much prefers that from this point on he personally conduct such tests.

This entire "stress factor" field is a highly experimental one. Colonel Groover made it clear that the "stress factor" is developed as a corollary in conjunction with the three tests given the blood samples furnished by participating officials. One test consists of injecting a certain amount of serum taken from the blood into white rats. If an excessive amount of cholesterol is present in the blood, the portal vein of the rat is blocked within a period of an hour or two and the rat dies. The second test consists of ascertaining the total fatty acid content of the blood. A third test is to ascertain

Enclosure

 1 - Mr. Mohr
 1 - Miss Kennedy

EX-135

SEP 9 1958

Alpha Beta Lipoprotein. This latter test has been used recently as a substitute for a basal metabolism test. Colonel Groover stated that he does not know exactly what causes the "stress factor" which appears in the course of such tests and he stated that experimentation is far from complete in this field.

Attached is a chart showing the cholesterol averages for the participating individuals since the beginning of the program. Another portion of this chart shows the variation in the cholesterol count of such individuals. At the inception of the program Colonel Groover stated that this variation factor is a very important one and it has been found that where the cholesterol count varies to a great degree, a heart involvement may be likely. At the present stage of the study, Colonel Groover said that none of the participants show an excessive variation but he made it clear that the study itself cannot be evaluated until it has run for a period of about a year from the standpoint of the cholesterol factor itself.

It would appear that Colonel Groover and Dr. Hames are at variance to a degree only on the point of the "stress factor" as it appears in the cases of Inspector in Charge Nease and [redacted] Neither doctor has expressed any feeling that the results of other tests involved to date show any problem concerning the participating officials. Inasmuch as Dr. Hames has clearly stated to [redacted] that the "stress factor" cannot be evaluated until tests have been run for at least a year, it is felt that no additional action should be taken at this time but the results should be closely followed and any recommended action taken at such time as complete information is available. b6

RECOMMENDATION:

That no action be taken at the present time but that the results of these tests be closely followed so that any necessary corrective action may be taken.

MR. TOLSON:

There ^{are} attached two American Legion News Service releases, both dated September 12, 1958, which go to approximately four million member of the American Legion and its Auxiliary throughout the United States. It will be noted that the top paragraph of the first release contains mention of action taken by the National Convention recently in Chicago, Illinois, concerning the resolution commending the Director. The second release also mentions this resolution.

Respectfully,

G. A. Nease

FOR IMMEDIATE RELEASE

9/12/58

CHICAGO (ALNS)---J. Edgar Hoover, director of the Federal Bureau of Investigation and author of the book "Masters of Deceit," was officially commended by delegates attending the 40th National Convention of The American Legion in Chicago, Sept. 1-4.

Resolution 57, adopted by the convention, cited Hoover "for his great service to the American people in writing 'Masters of Deceit,' which simply and succinctly exposed the fallacies of Communism and will go far toward alerting the American people to the inherent dangers, dubious manipulations and lulling tactics." The resolution also urged widest possible distribution of the book, including to schools and public libraries."

- - - -

CHICAGO (ALNS)---Patients in VA hospitals received more than 30 cases of cigarettes free from Liggett & Myers Tobacco Co. following the Legion National Convention.

The cigarettes were "won" by Legionnaires who visited the booth of the tobacco company at the 40th National Convention of The American Legion in Chicago, Sept. 1-4, and were sent in their names to the VA hospital selected by them.

- - - -

CHICAGO (ALNS)---Gov. Luis Munoz Marin of Puerto Rico told the 40th National Convention of The American Legion here Sept. 1-4, that the Commonwealth of Puerto Rico is a geographical and cultural link to the United States in the Latin-American World, as well as a "psychological outpost in the underdeveloped world."

Legionnaires were reminded that the U. S. must not only be true to its own democratic way but it must also appear to be true to it in the eyes of the world.

"The wave of the future is not tyranny. It is liberty, human dignity and hope for a decent life," he said. "When it becomes unmistakably clear in other developing countries, as in Puerto Rico, that this is what the United States stands for, international Communism will not only cease to be able to confuse or seduce anyone no matter how poor, but a new sense of hope will surge through the troubled millions from Siam to Honduras."

Referring to criticism of the United States for having found itself giving the appearance of supporting certain dictators abroad, the governor stated that this nation can make it clear in the eyes of all people that it does not take dictators to its bosom and does not assist them in oppressing and exploiting their people."

- - - -

INDIANAPOLIS (ALNS)---Immediately following The American Legion's 40th National Convention in Chicago, Sept. 1-4, National Headquarters here began readying plans for the annual series of fall meetings, expected to bring 500 or more key Legionnaires to Indianapolis.

Dates of meetings announced by National Adjutant E. A. Blackmore were: Congress of Uniformed Groups, Oct. 3-5; National Boys State Conference, Oct. 3-4; Conference of Department Commanders and Adjutants, Oct. 5-7; National Executive Committee, Oct. 8-10.

By letter (attached) to Gordon A. Nease, Inspector in Charge, Benjamin Franklin University, requested certain information regarding our revised educational requirements for the Special Agent position. A review of this letter indicates that [] has obviously been misinformed since he states that it is his understanding that our qualifications have been raised to require graduates from a four-year accountancy school to have in addition at least two years of college with at least three years' accounting experience. This is incorrect since a graduate of a regular four-year college with a major in accounting and with at least three years of accounting and/or auditing experience would qualify educationally for the Special Agent position. [] has a Form FD-257, a copy of which is attached.

b6

FD-257 (revised 8/5/58) is the Special Agent qualification job statement which is furnished to any individual making inquiry regarding qualifications necessary to gain employment as a Special Agent. The Special Agent educational requirements are set forth on this sheet and state clearly that to qualify educationally for the Special Agent position an applicant must be a graduate from a resident law school or a resident four-year accounting school with at least three years of practical accounting and/or auditing experience. In addition, this form notes that graduates of law or accounting schools not requiring at least a resident junior college degree, or its equivalent of resident college work, as an admission prerequisite must have received at least a degree from a resident junior college, or its equivalent in resident college work, to be eligible for the Special Agent position. A resident college is one requiring personal attendance.

[] desires to know whether employees of the Bureau who began their preparation in accounting before the requirements were raised are affected by this change. The answer is yes. In addition, [] desires to know if an applicant who attends the three-year evening program leading to the degree of Bachelor of Commercial Science and an additional year of post graduate work leading to the degree of Master of Commercial Science will be required to qualify under our four-year requirement. The answers to these questions set forth by [] are rather complicated and to answer them by letter could well cause additional questions to arise in his mind. Over the years

Mr. Gordon A. Nease, Inspector-in-Charge
Records and Communications Division
Federal Bureau of Investigation
Department of Justice
Washington 25, D.C.

Dear Mr. Nease:

In counselling students and applicants it would be very helpful if we could have some clarification of Circular FD 257. I should greatly appreciate it if you would refer this letter to the proper person who could give us an answer to these questions.

b6

Here are the questions to which we should like an answer: Insofar as accountancy graduates are concerned the qualifications for the position of agent have been raised to require graduation from a four-year accountancy school with at least two years of college, and with at least three years of accounting experience.

Question No. 1 - Does this apply to employees of the Bureau who began their preparation in accounting before the requirements were raised?

Question No. 2 - We give a two-year full-time day program and a three-year evening program leading to the degree of bachelor of commercial science, and an additional year of post graduate work in the evening division leading to the degree of master of commercial science. Do the three-year undergraduate program and the one-year post graduate program meet the four-year requirement?

Your assistance will be greatly appreciated.
With kind regards,

With reference to the attached advertisement of the Benjamin Franklin University which appeared in the Washington Daily News yesterday, I assume that the statement "Among those advanced to high positions during the past year - another, No. 3 man in the F.B.I.;" refers to me. This impression on the part of the school was undoubtedly obtained from the newspaper accounts of Mr. Nichols' retirement from the Bureau. The least the school could have done was to check their facts and certainly to obtain the permission of the graduate they have in mind before using such pictures in their advertising material.

STATEMENTS

If it meets with the Director's approval, I should like to send the attached letter to of Benjamin Franklin University.

when you graduate from Benjamin Franklin

you join a great body of successful alumni known and respected for thorough training and practical ability in accountancy.

Our 60-page alumni publication, the Benjamin Franklin Key reports the accomplishments of these graduates. During the past year 29 graduates passed the C.P.A. examinations, one with the third highest mark in the country, one with the top score in Maryland; 15 were appointed as controllers, 17 were elected officers of accounting or other organizations.

Among those advanced to high positions during the past year—one became Regional Commissioner of Internal Revenue; another, No. 3 man in the F.B.I.; another, general auditor of the Southern Railway; another, controller of the Hilton Hotels Corporation; another, controller of the Standard Oil Co. (Chile); another, controller of the largest structural steel and shipbuilding plant in the South; another, auditor of the merged American Security and Trust and National Metropolitan banks; another, U. S. Consul at Dhahran; another, controller of the American Independent Oil Co. of Kuwait; another, treasurer of the City of San Diego.

Mr. Gordon A. Nease
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Nease:

I want you to know that I am displeased by the bad judgment and indifference demonstrated by you and your subordinates on October 29, 1958. Specifically, a communication concerning a highly controversial situation was received and there was a failure by employees under your supervision to take appropriate steps to have this matter brought immediately to my attention. Furthermore, although you received some indication that this communication had been sent to the FBI, you did not carefully check into the matter and a further delay occurred before I was apprised of the situation.

You will be expected to discuss the mishandling of this matter with your subordinates and I desire you to take firm steps to assure that there will be no recurrence of such a dereliction.

Very truly yours,

J. Edgar Hoover

RE: SA

G. A. NEASE

(Type or print plainly)

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

Name	Mrs. Gordon A. Nease	Relationship	Wife	Date	Nov. 3, 1958
------	----------------------	--------------	------	------	--------------

Address
7812 Allen Sturges Terrace, Falls Church, Va.

The following person is designated as my beneficiary under the Chas. S. Ross Fund providing \$1500 death benefit to beneficiary of agents killed in the line of duty.

Name	Mrs. Gordon A. Nease	Relationship	Wife	Date	Nov. 3, 1958
------	----------------------	--------------	------	------	--------------

Address
7812 Allen Sturges Terrace, Falls Church, Virginia

Very truly yours,

G. A. Nease
Special Agent

NOT RECORDED
7 NOV 10 4053 958

J. E. TOLSON

October 29, 1958

G. A. NEASE

The Director has inquired why the attached wire from certain groups in California protesting paid political broadcasts containing an attack on the Catholic people and the Catholic Church was not called to his attention.

This wire was received in the Communications Section at 1:14 this morning and since it appeared to the employee in the Teletype Room that it was something that should be handled in the Crime Records Section, the original and the copy were routed to the Crime Records Section where it was stamped in at 9:14 A.M. The clerk in Mr. Jones' office carried the teletype direct to Special Agent [redacted] read the teletype and routed it to Mr. Jones with two notations thereon: (1) "On surface, it appears that no reply is requested. (2) This is a political-religious-social controversy in which Bureau should not be injected by replying." Mr. Jones, upon receiving the teletype from Special Agent [redacted] called [redacted] and asked him if he was certain in his judgment. [redacted] replied "Yes." Jones then threw out the teletype. [redacted] had previously initialed the teletype for file, which indicated no further action was necessary. b6

At 10:24 A.M. this morning, I received a call from [redacted]. He stated he had a query from a San Francisco paper as to whether the Department or the Bureau had received any mass protest regarding "hate" talk being put out over the radio in California regarding taxing of nonprofit parochial schools; supposedly such a protest had been sent to the President, the Vice President, and the FBI. [redacted] did not know from whom such protests might have come nor did he have any further details. Thinking that this would be something that would come within the scope of the Domestic Intelligence Division or the Investigative Division, I checked with both, who advised they had seen nothing and I so advised Huston. A copy of my memorandum was routed to Mr. Jones. The copy of my memorandum reached Mr. Jones around 12:30 P.M. Upon seeing the memorandum, it is his recollection that he checked with Supervisor Long to ascertain if the wire in question could pertain to the subject matter of my memorandum and it was agreed that it did. He recalls that he called me around 1 o'clock and told me about it and I thereupon told him that I wanted b6

Memorandum to Mr. Tolson from G. A. Nease

to see the wire. He arranged for the third copy of this wire to be forwarded to me from the Communications Section. Mr. Jones advised me that he thought the wire required no action and I told him that he should immediately check the files on the individuals signing the wire and prepare a memorandum and send it through for consideration with the appropriate recommendations. This memorandum is attached, having been received in my office at approximately 6:15 P.M. tonight.

It is my recollection that this wire arrived in my office around 1:30 P.M. since I was preparing to go to lunch but first I called [redacted] to advise him that such a wire was here. I found out, however, that he was at lunch and I asked Mr. Wick to reach him as soon as possible and advise him. This Mr. Wick did between 1:40 and 1:45 P.M. upon [redacted] return from lunch. As indicated in Mr. Wick's memorandum, he simply told [redacted] we had received such a wire and for his information he told [redacted] who had sent the wire and that we did not intend to comment upon it. He told Mr. Wick that he would indicate to the California newspaper from which he had received the request that we had received the wire and he would tell them no more. Mr. Wick dictated a memorandum to this effect but prior to the time the memorandum was transcribed, a statement was noted on the United Press International (UPI) ticker indicating that the Director of the FBI had been urged to make a statement denouncing the alleged attacks and this item allegedly quotes the FBI and states that the Director declined to comment on request for a statement. Mr. Wick's memorandum was redictated pointing out that we had not talked to UPI or anyone else regarding the matter. A copy of the wire was attached to the memorandum prepared by Mr. Wick which reached the Director's Office at 4:54 P.M. b6

CONCLUSION:

Obviously, this wire should have been immediately called to the Director's attention. I did not realize that it had not been to the Director's Office until seeing the original late this evening. I think the Teletype Room is justified in sending the wire directly to Mr. Jones' section. [redacted] and Mr. Jones erred in not properly analyzing the wire. Likewise, I erred on the occasion of [redacted] first call in not having checked with Mr. Jones' section to be certain that the Records and Communications Division had not received anything concerning this matter. Had I done so, this matter would have been called to the Director's attention much earlier. b6

Memorandum to Mr. Tolson from G. A. Nease

I attempted to reach [] this afternoon concerning the UPI news flash to ascertain what the facts were in the matter but he had departed for the day and this will be handled the first thing tomorrow morning, 10-30-58.

Due to the controversial nature of this wire, it is not felt that the Bureau should acknowledge same.

RECOMMENDATIONS:

(1) That Messrs. [] and Jones be censured for not recognizing the importance of this wire when it was received in the Crime Records Section, so that it could be called to the attention of appropriate Bureau officials.

b6

(2) That I be censured for not checking with the Crime Records Section upon receipt of [] call at 10:24 this morning and, upon learning that there was such a wire, for assuming that it had been in the Director's Office even though I did order a file check and a memorandum prepared.

As you know, I visited several representatives of the radio and newspapers while in New York this week. SAC Foster accompanied me together with Agent Tom Ring whom Mr. Foster wanted to introduce to the various persons contacted also. Some curiosity was indicated by some of the members of the press as to the turnover in ^{executive} personnel in the New York Office during recent months. They were, of course, all familiar with the transfers, particularly at the New York Daily News where Mr. Francis Flynn, President and Publisher, who had not met Foster previously, inquired as to the frequency of transfers and how they were effected.

Our transfer policy was thoroughly explained to him and I thought SAC Foster did a particularly good job in explaining his own various transfers. In each instance he was able to point out where someone had retired or resigned necessitating various transfers in order to fill existing vacancies. Those present were impressed with the logical explanation and seemed to be in full accord.

At the New York Herald Tribune, Luke Carroll, the City Editor whom I had previously met, remarked to me on the side that he hoped that his friend, Ed Powers, had not been in difficulty which resulted in his transfer. I explained to him that Mr. Powers' transfer was simply a routine administrative transfer and he stated he was glad to know this.

Carroll subsequently asked SAC Foster if he could not send a reporter to the New York Office and do a little profile on his team of assistants. Foster promptly and properly pointed out to him that it was not his team; that the executives of the New York Office were appointed to their positions by the Director. Mr. Carroll, who is friendly and who was acquainted with ASAC Simon and ASAC Edwards and knew of ASAC B. C. Brown, stated he thought it would be an interesting little item to run a background sketch on the present executive staff of the New York Office together with their pictures. He indicated he would be in touch with Mr. Foster at some future time concerning this.

Memo to Mr. Tolson

I told Mr. Foster that if Mr. Carroll renewed his request there would be no objections to him and other members of the executive staff of the New York Office furnishing the usual background and permitting their pictures to be taken. I think that this would definitely be to the Bureau's benefit and would settle once and for all any possible suspicion in anyone's mind that there had been any unusual changes in the New York Office. To deny such a request might tend to create such suspicions.

TO : Mr. Mohr

Copy #146
9/9/58

FROM : W. S. Tavel

SUBJECT: VISITS OF ASSISTANT DIRECTORS
AND NUMBER ONE MEN
TO THE NEW YORK OFFICE

By letter September 5, 1958, SAC Foster at New York suggested that each of the Bureau's Assistant Director's and their Number One Men visit the New York Office in the very near future at which time they would be given a complete briefing on the operation of the office in order to further integrate the activities of the office with those of the Bureau. He estimated that such a briefing would require six to seven hours. The Director approved this suggestion.

The following is a schedule for the various Assistant Directors and Number One Men:

9/15/58	Q. Tamm N. P. Callahan
9/16/58	A. H. Belmont J. A. Sizoo
9/19/58	A. Rosen C. A. Evans
9/22/58	G. A. Nease
9/25/58	J. J. McGuire I. W. Conrad
9/26/58	J. R. Malley
10/3/58	D. J. Parsons J. P. Mohr

Since the Identification Division has relatively little direct concern with the functioning and operation of the New York Office, it is not felt that it is necessary for Assistant Director Trotter or his Number One Man, Mr. A. K. Bowles, to go to New York for this briefing. Furthermore, it is not felt that Mr. Malone, the Number One Man of the Training and Inspection Division, need be scheduled for such a briefing

Memo to Mr. Belmont
Mr. Callahan etc.

OCT 9 1958

Memo to Mr. Mohr
Re: Visits of Assistant Directors
and Number One Men to New York Office

since he completed an inspection of the New York Office very recently. Mr. Belmont states that he does not feel that it is necessary for Mr. D. E. Moore, who is one of his Number One Men, to go to New York since Moore served as ASAC of that office up until October, 1956.

RECOMMENDATIONS:

(1) That the above schedule be approved. If approved, the Assistant Directors and the Number One Men who are to go will be notified as well as the New York Office.

I agree JPM 9/9
OK H

(2) That approval be given for Assistant Director C. L. Trotter and Number One Men, A. K. Bowles, J. F. Malone, and D. E. Moore not be scheduled to go to New York at this time.

I agree JPM 9/9

Mr. R. E. Wick in Mr. Nease's office advised this morning that Mrs. W. A. Nease, mother of Inspector Nease, clerical employees Irma and Wilma Nease, Chief Clerk and Assistant Chief Clerk, respectively of the Little Rock Office and mother-in-law of ASAC Norman McCabe, New York Office, died 12:45 a.m. this morning. Teletype from Little Rock today states her body will be at Ruebel's Funeral Home, 1210 Wolfe, Little Rock and that funeral is scheduled for 10:00 a.m. Monday, November 17, 1958.

An appropriate condolence Telegram was prepared by Crime Records Section which, while addressed to Inspector Nease expressed Director's condolence to his sisters and ASAC McCabe.

On your instructions ~~SAC~~ Supervisor [] telephonically contacted SAC, Casper at Little Rock this morning and instructed that every possible assistance be rendered Inspector Nease and his family. SAC Casper was told to arrange for \$15.00 worth of flowers, "With deepest sympathy from J. Edgar Hoover and Associates." Mr. Casper indicated that he is presently assisting Mr. Nease and his family, that he will represent the Bureau at the funeral on Monday and he stated Mr. Nease's sisters are very popular in the office and a large number of employees will visit the funeral home and will be at the funeral. The wives in the office plan to assist the family in preparation of food for those who do call at the mother's home.

RECOMMENDATION:

None. For information.

Dear Mr. Hoover,

It is with deep regret that I find it necessary to submit my resignation from the Bureau at this time because of compelling personal reasons, which are financial in nature. I would sincerely appreciate the opportunity of explaining these reasons to you briefly and my plans for the future. I should like the resignation to become effective as of close of business February 13, 1959, if it meets entirely with your convenience, or such other date as you might indicate.

To have been a part of the Bureau and to serve under your brilliant leadership for so many years has been a great privilege and a most rewarding experience. It is with real sadness that my Bureau career must end.

In my future activities I shall look forward to every opportunity to be of assistance to you and the Bureau and I hope you will not hesitate to call upon me.

Respectfully,

/s/ Gordon Nease

NOTICE OF CONVERSION PRIVILEGE
Federal Employees' Group Life Insurance Act of 1954

An employee is entitled to convert to an individual policy when his group insurance terminates because of separation from an agency, transfer or appointment to a group excluded by law or regulation from insurance coverage, expiration of 12 continuous months in a nonpay status, or entry into the military service of the United States and acquisition of coverage under the Servicemen's Indemnity Act of 1951.

An employee whose group insurance terminates as indicated above may, under provisions set forth in his Certificate of Group Insurance, purchase an individual policy of life insurance without medical examination. The individual policy may be in an amount not exceeding the employee's group life insurance and will be issued at rates applicable to the type of policy purchased and to his current age and class of risk.

If you are entitled to convert group life insurance to an individual policy and wish to exercise this privilege, you must:

1. Ask the agency identified in the block below to give you a completed Agency Certification of Insurance Status, and
2. Follow the instructions printed on the Agency Certification of Insurance Status, and mail it to the Office of Federal Employees' Group Life Insurance, 330 Fourth Avenue, New York 10, N. Y. That office will promptly mail to you detailed information on how to apply for conversion.

IMPORTANT

THE TIME IN WHICH AN EMPLOYEE MAY CONVERT IS LIMITED. THE COMPLETED "AGENCY CERTIFICATION OF INSURANCE STATUS" (NOT THIS FORM) MUST BE MAILED TO THE OFFICE OF FEDERAL EMPLOYEES' GROUP LIFE INSURANCE WITHIN 31 DAYS AFTER YOUR GROUP INSURANCE TERMINATES, OR WITHIN 15 DAYS AFTER THE DATE OF THIS NOTICE, WHICHEVER BASIS GIVES YOU THE MOST TIME.

UNDER CERTAIN CONDITIONS, LIFE INSURANCE IS PAYABLE IF DEATH OCCURS WITHIN 31 DAYS AFTER AN EMPLOYEE'S GROUP INSURANCE TERMINATES, EVEN THOUGH HE HAS NOT APPLIED FOR CONVERSION. IF DEATH OCCURS WITHIN THIS PERIOD FURTHER INFORMATION CONCERNING POSSIBLE BENEFITS MAY BE OBTAINED FROM THE AGENCY NAMED BELOW.

Mr. Gordon A. Nease

DATE OF THIS NOTICE

January 27, 1959

NAME AND MAILING ADDRESS OF AGENCY

INSTRUCTIONS TO EMPLOYING AGENCY

1. Fill in the name and address of the office which issues this notice (overprint or stamp if desired).
2. Fill in the date this notice is issued, and note this date in your records for possible future reference.
3. Give this notice, as required, to every employee on the date his insurance terminates (except by waiver).

January 10, 1959

PERSONAL ATTENTION

Mr. Gordon A. Nease
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Nease:

I have reviewed the results of the recent inspection of the Records and Communications Division by Inspector John F. Malone. The division was rated fair on physical condition and maintenance; good on general operations, administrative operations, and personnel matters; and very good on liaison contacts.

Although a good portion of the space occupied by the division is well organized and neatly maintained, I was greatly displeased over the inadequacies found in some units within the Crime Records Section. Even though crowded conditions existed in the area, this was no excuse for the untidy manner in which this space was maintained. In realigning the space in the Crime Records Section you are to be certain that the crowded conditions in the stenographic pool are alleviated, and that the space for the employees of the Correspondence Unit is so arranged as to provide the best possible working conditions with minimum distraction. You should personally follow to insure early completion of the ten specific recommendations which it was necessary for me to make for the over-all improvement of the new four facilities.

You should carefully follow the system suggested by the Inspector for reporting delinquency in correspondence emanating from the Records and Communications Division. The delinquency found during the inspection was entirely too high.

The stenographic production in the Crime Records Section is far from satisfactory. You will be held responsible for taking appropriate steps to insure maximum efficiency on the part of stenographers.

cc - Mr. Mohr (Attention: W. S. Tavel) (With Enclosure)

cc - Personnel File of Gordon A. Nease

Based on memo Q. Tamm to Mr. Tolson, 1/16/59, "Inspection - Records & Communications Division; Inspector John F. Malone; October 20, 1958, to

January 5, 1959. TYPE UNIT ☐

Mr. Gordon A. Nease

The number of errors found in the computation of overtime by employees of the Front Office was entirely too high. In some instances existing instructions were completely ignored. You must carefully guard against carelessness which such delinquencies indicate.

You have been instructed by the Inspector to make arrangements to have all incoming telephone calls from field divisions connected immediately with the appropriate Assistant Director's Office. The results of the analysis which you are to make in ninety days should reflect whether or not a worthwhile economic saving can be effected by the suggested change.

I am greatly concerned about the conditions found in the Crime Records Section during the inspection. Even though you knew that problems existed which affected the morale of some of the employees, you failed to apprise me of the situation. Furthermore, you neglected to take positive, aggressive action to properly indoctrinate the employees involved and alleviate the factors which contributed unfavorably to the situation. I am holding you and your staff responsible for providing the necessary leadership to completely restore morale of the employees of this section and to eliminate the factors which prevent maximum efficiency. You were seriously at fault in not providing typewriters for two stenographers in the Crime Records Section from May to October, 1953. While it is desirable to use executive-type electric typewriters in this section, the unavailability of such machines should not have prevented you from providing the stenographers with manual typewriters.

Television is an important medium through which the work of the Bureau can be presented to the public. It was determined during the inspection that the last television script was prepared in 1954. Certainly if this medium is to be exploited fully, it is absolutely necessary that scripts be prepared on a continuing basis and that the material be kept fresh and up to date.

You should take appropriate steps to insure against a recurrence of the incident during the inspection where an incoming letter from the wife of a Special Agent, requesting a photograph of the Director, was inadequately handled. Instances noted in the Crime Records Section where the tickler charge-out system was inadequate, where ticklers were being retained in excess of authorized period, and where tickler folders were improperly labeled, indicate the need for closer supervision of the operations of your division.

Mr. Gordon A. Nease

You should insure that a consolidation of certain projects assigned to the Crime Records Section, which are being handled by other divisions, is effected as recommended. You agreed with the Inspector's recommendation that responsibility for coordination of book reviews be fixed with the Central Research Section of the Domestic Intelligence Division.

I am concerned over the inept manner in which the Crime Records Section handled the review of the smear article appearing in "The Nation" magazine. It should not have been necessary to have the review redone at considerable expense.

You should have been aware that three employees were working odd-hour shifts for which there was no authorization. Odd-hour shifts must be closely supervised at all times.

It is encouraging to note the efficient manner in which the Records Branch is functioning. However, you should have effected the reduction of two Agent supervisors without being so instructed. All of us must share in the stringent economy program of the Bureau. Inasmuch as the Records Branch does not presently maintain the type of production data in regard to the project work which would lend itself to a realistic evaluation of personnel needs, you are to closely follow the 60-day survey now being conducted in an effort to provide a more practical yardstick in this respect and advise the Training and Inspection Division promptly of the results. Inasmuch as the Records Branch is operating in a current manner with the present complement of employees, you should continue with this quota in the interest of economy, at least until completion of the survey, at which time a complete re-evaluation of personnel needs will be made.

Correlation summaries were determined to be of definite value in reducing file review time. However, inasmuch as such summaries are costly and information contained therein cannot be disseminated without consulting original source material, it is felt that in the interest of economy the summaries can be drastically streamlined and still accomplish their purpose. Accordingly, this program should be thoroughly studied and re-evaluated by a committee of four representing the various divisions having an interest in the matter. Final recommendations should be passed upon by the Executives Conference.

I was pleased to learn of the emphasis that the Incentive Award Program as well as the FBI Recreation Association Program is receiving in your division. Lecture and tour of In-Service Class were handled in a highly satisfactory manner.

Mr. Gordon A. Nease

It is gratifying to learn that you are affording the Bureau's new contact program your personal supervision. The importance of this program cannot be too strongly emphasized. The mere accumulation of names will not assure the success of the program. It must be vigorously and aggressively supervised and directed by you and members of your staff. It is the responsibility of everyone at the Seat of Government to develop Bureau contacts, but it is your responsibility to see that the program is properly administered.

The inspection findings indicate a need for more aggressive leadership, initiative, resourcefulness, imagination and tighter supervision in the Records and Communications Division. It is your primary responsibility to see that the division functions with maximum efficiency.

In view of the serious shortcomings which you permitted to exist in the Crime Records Section in addition to the accumulation of weaknesses found during the inspection, you are being placed on probation.

You have been furnished a list of delinquencies found during the inspection. These, together with weaknesses set forth in this letter, should be brought to the attention of your supervisory staff and you should immediately bring all operations of the Records and Communications Division to a satisfactory status and advise the Training and Inspection Division in detail when this has been done.

Sincerely yours,

**John Edgar Hoover
Director**

PERSONAL

Dear Gordon:

I have received your letter of January 27, 1959, tendering your resignation and you are being advised by formal letter of its acceptance.

I am sorry you find it necessary to terminate your long affiliation with the Bureau; however, this is a decision which I feel you have reached only after serious consideration. It affords me great pleasure to note you enjoyed your work and it is my sincere hope that your experience with the Bureau will be of lasting benefit to you.

The kind expressions contained in your letter are appreciated and I want you to know that it has been not only an official, but a personal pleasure to have been associated with you in the work of the Bureau. It should be a source of satisfaction to you to know that your services have been a contributing factor in the successful efforts of this Bureau to discharge its responsibilities. I want to take this opportunity to thank you for your offer to be of assistance to the Bureau and you may be sure we will not hesitate to call upon you should the need arise.

You have my best wishes for success in any new work which you may undertake.

Sincerely yours,

J. Edgar Hoover

NOTICE CONCERNING SEPARATION

A Notification of Personnel Action form (SF-50) will be forwarded at a later date. This form will indicate the amount of accrued annual leave, if any, for which you will receive a lump-sum payment. It also will indicate the effective date of your resignation. If, as permitted by Government regulations, you are being granted annual leave accrued during the current leave year and this leave exceeds the amount you were allowed to carry into the current leave year, your resignation will be effective upon the expiration of such excess.

A deduction from your final salary check will be made in the event you are indebted for any advanced sick or annual leave.

Any money withheld from your salary for social security purposes will remain in the Social Security Fund subject to Government regulations. If money was withheld for retirement purposes, you should carefully read the Application for Refund of Retirement Deductions (SF-2802) which will be attached.

Each of the following forms that is checked is attached and should be read carefully:

- ☒ Application for Refund of Retirement Deductions (SF-2802)
- ☒ Notice of Conversion Privilege (SF-55)
- ☒ Notice to Federal Employee about Unemployment Compensation (SF-8)

MEMORANDUM FOR MR. TOLSON

On January 27, 1959, I saw Mr. Gordon Nease. Mr. Nease stated that he wanted to advise me that he had been offered a position by Senator John Stennis on the staff of the Armed Services Committee of the United States Senate. Mr. Nease stated that he would not have considered this offer were it not that from a financial point of view it would bring him a larger income and by reason of financial obligations incurred through the illness of his mother, who has now passed on, and through the present illness of his father, he had to find additional sources of revenue and for that reason, he was desirous of resigning and going with the Armed Services Committee of the United States Senate. He stated Senator Stennis had informed him that the Chairman of that Committee, Senator Richard B. Russell, and the ranking Republican of that Committee, Senator Styles Bridges, had both approved the offer of the position to Mr. Nease.

Mr. Nease further stated that he regretted to tender his resignation at this time because he would have liked to remain and bring his present Division up to satisfactory standards and effect the improvements which were recommended by the recent inspection.

I told Mr. Nease I could understand his desire to leave in view of the additional income offered and that I appreciated the services which he had rendered to the Bureau during the years he had been with the Bureau.

Mr. Nease indicated that if at any time he could be of service to the Bureau in his new capacity on The Hill, he hoped we would call on him. I thanked him for this offer.

Very truly yours,

1/30/59
John Edgar Hoover

**INSPECTION - RECORDS AND COMMUNICATIONS
DIVISION**

INSPECTOR JOHN F. MALONE

OCTOBER 20, 1958, to JANUARY 8, 1959

SUMMARY

OFFICIALS: Inspector-in-Charge Gordon A. Nease since 11/1/57;
Former Assistant to the Director L. B. Nichols from
5/41 to 11/1/57.
Inspector J. J. McGuire, No. 1 Man since 3/1/43
Inspector C. D. DeLoach, No. 2 Man since 3/15/54
R. E. Wick, No. 3 Man since 10/29/51
Supervisor-in-Charge and Section Chiefs
Records Branch - F. W. Walkart, Supervisor-in-Charge
Processing & Research - b6
Service & Review - L. E. Short
Crime Records - M. A. Jones
Communications -

LAST INSPECTION: 2/8 to 4/23/56, by Inspector J. E. Edwards;
Communications Section 5/22 - 6/21/57 by Inspector
J. H. Gale

EVALUATIONS:

(1) PHYSICAL CONDITION AND MAINTENANCE FAIR

Serious shortcomings regarding adequacy of space, Crime
Records Section (CRS), resulting untidy appearance in some units. Attempts
to obtain additional space made, and now available and in use. Conditions
could have been improved by better housekeeping habits, tighter administrative
control and relocation of infrequently used material to less congested areas.
Above-average number of delinquencies, such as dirt on some file
cabinets, letters for National Academy graduation stored in employees'
clothes closet, four rooms in need of painting but not requested of GSA;
personnel files maintained overnight in unlocked cabinet and exposed
vacuum cleaner with hose lying loosely on floor, observed in physical check.

MAIL ROOM ☐ TELETYPE UNIT ☐

Memo for Mr. Tolson

Good portion rest of division well organized and neatly kept. In Teletype Unit a loose metal conduit housing electrical circuit removed as safety hazard; hot exhaust pipes endangering employees were covered by wire mesh guards at Radio Station, Sowego. Director made 10 specific recommendations which will improve new tour facilities at 2th street entrance. Instructed to follow closely.

(II) GENERAL OPERATIONS GOOD

89.1% of signature mail arrived prior to deadline Mr. Tolson's Office, while 10.9% arrived after deadline during survey 11/3 - 11/7/58. Fairly even flow of mail throughout deadline period. On 11/18/58 out of 20 delinquent items (not handled 3 work days), 14 emanated from this division, specifically, Crime Records Section. Determined extent of delinquency could have been reduced had adequate system for following same been in effect. Remedied by Inspector. Stenographic production of 1.5 pages per hour - low. Mr. Nease attributed low figure to large turnover of stenographers, great amount of proofreading, retypes and crowded stenographic pool. Inspector corrected lack of uniformity regarding maintenance of sign-in registers.

(III) ADMINISTRATIVE OPERATIONS GOOD

Front Office operating satisfactorily, along with Reading Room. Over-all operations of Tour Room satisfactory. Arranging of tours requiring Special Agents, transferred from Crime Records Section to Tour Room, thus eliminating clerical duties from Agents in Crime Records Section.

Communications Section: Appears functioning satisfactorily. Instructed to revise working guides in some respects. Stamp fund inventory records prematurely destroyed contrary Bureau regulations. Remedied. New procedure requiring all incoming teletypes, telegrams, radiograms, and cables for division be screened in Front Office for matters of immediate interest to Director, adopted. Use of leased line circuit to New York has effected savings. Three-week period, 10/20 - 11/7/58 saved \$224.49. Reserve commercial toll teletype circuit, Midland Radio Station, discontinued at savings of \$44.75 per month.

Crime Records Section: Reorganization of CRS, approved by Director, May, 1958, should be implemented fully by assignment of one Agent to Correspondence Unit, with one clerk for the Agent. One clerk should be

Memo for Mr. Tolson

assigned to Research Unit to take over clerical duties now handled by Agents. Widely diversified outlets developed for "Top Ten" and fugitive publicity. Book review responsibility fixed on Central Research Section, Domestic Intelligence Division; not previously coordinated. Recommend CRS projects relating to National Association of County and Prosecuting Attorneys, American Bar Association, and National Association of Attorneys General transfer to Training and Inspection Division. System for charging out reference material inadequate -- corrected. Many instances noted where ticklers being retained in excess of allowable period. Corrected. Newspaper subscription cost survey by CRS not properly followed and made matter of record. Instructed follow closely in future. Odd-hour shift personnel, 1 clerk daily and 2 on Mondays, unauthorized. Corrected. Experienced stenographers now used Correspondence Unit to handle expedite and important correspondence. Should be beneficial. During inspection incoming letter from Special Agent's wife requesting Director's photograph inadequately appraised, resulting unnecessary correspondence, and division failed fix responsibility. Two stenographers were without regularly assigned electric typewriters May - October, 1958, but kept busy during vacation schedule until October. Funds for electric typewriters not available and stenographers' full potential not realized for 35-day period. Mechanical typewriters secured on Inspector's instructions.

Crime Records Section 12/5/58 sent up detailed analysis of article "The FBI" by Fred J. Cook in "The Nation" of 10/18/58 -- 443 pages. Director noted it was utterly unsatisfactory and not properly handled. Asked Mr. Sullivan of Central Research Section to bring "order out of chaos." Mr. Sullivan is using new format and additional research required and conducted.

Records Branch: Mail being processed promptly. Active mail processed completely within 3 days and 82.64% processed in 2 days. Improvement over last inspection. Tighter control recommended by Inspector on Stop Desk and Expedite Processing. Production improved in units since last inspection, except Correlation Unit, where procedural changes taken place and more extensive correlation summaries now prepared. These summaries are costly and Inspector felt could be drastically streamlined. Propose committee of four representatives of divisions who use them most (Domestic Intelligence, Investigative, Records and Communications, along with Training and Inspection), re-evaluate program. Inspector instructed analysis Personnel Records Unit be made to work out system to count production of employees other than employee himself doing it. Recommended streamlining method to be used in Main Card Rehabilitation Program, 60-day trial. Only 4 out of 4,893,525 files to be located - low.

Memo for Mr. Tolson

(IV) PERSONNEL MATTERS GOOD

As of 12/22/58, 36 Special Agents and 1320 clerks assigned. 34 Special Agents and 316 clerical employees interviewed. Inspection revealed Records Branch should be able to operate efficiently with 8 Agents rather than 10. Director approved Inspector's recommendation releasing 2 Agent supervisors. Clerical quota figures in need re-evaluation. 60-day survey to be conducted to more accurately determine personnel requirements. Night shift, Records Branch, reduced 12 to 9 employees. Morale appears satisfactory in division, except within Correspondence Unit (see attached supporting memorandum), CRS, where it is below average. Condition due primarily to frustration; fears that advancement may be hindered due to letters of censure. Will improve with more space and personnel. Mr. Nease and Mr. Jones aware of this and should have provided closer guidance, direction and leadership. Overtime above SOG average at 2'36", 5/1-10/31/58, and irregular (SOG average 2'31"). No patterns noted and appears reasonably shared. 24 out of 27 errors found in registers in 2-week period made by Front Office people in computing overtime. Many due to incorrect addition, others due to failure to follow Bureau instructions. Promotions and rotation policies satisfactory. FBIRA being handled adequately.

(V) LIAISON CONTACTS VERY GOOD

Program appears satisfactory. Contacts maintained with ranking officials both in and out of Government on personal basis. Bureau cannot rest on laurels; however, only by constant re-evaluation and complete exploitation can full potential of program be realized. Instructed to give continuous and preferred attention. Mr. Nease personally supervising Bureau Contact Program to implement Director's instructions 9/3/58. Instructed prepare semiannual listing of all sources for purpose of determining if source still in position to be of service.

RECOMMENDATIONS:

1. Gordon A. Nease, EOD (adjusted) 5/10/38, GS-16, \$14,430, Nonveteran, Not on Probation.

Mr. Nease is a tireless worker, completely loyal and has an excellent knowledge of Bureau policy and procedure. He is definitely trying to do a good job but seems to lack administrative and supervisory know-how to meet the challenge of his present assignment. During the months

Memo for Mr. Tolson

that he has been in charge of the division, he has made commendatory accomplishments in the Records Branch, Communications Section and Tour Unit. While he recognized the certain weaknesses of the Crime Records Section, he failed to recognize the factors causing such weaknesses, follow up with positive remedial action, and to advise the Director. Mr. Nease's main weakness lies in administration and supervision.

Inspection findings indicate a need on Mr. Nease's part for more aggressive leadership, initiative, resourcefulness, imagination and tighter supervision.

The Crime Records Section presents the main challenge existing in the division. If Mr. Nease will meet this challenge head-on, provide the necessary leadership and administration on an over-all division basis, it is felt that in due time he will be able to supervise the entire operation efficiently.

It is recommended that Mr. Nease be censured and placed on probation for the serious administrative delinquencies found during the inspection, but that he remain in his present position.

2. Milton A. Jones, EOD 2/6/39; GS-15, \$13,970; Nonveteran; Not on Probation.

By memorandum dated 9/8/58 to Mr. Tolson, Mr. G. A. Nease recommended the replacement of Mr. Milton A. Jones as Chief of the Crime Records Section. Jones has been assigned to the Crime Records Section since 2/20/40 and has been Chief of the section since 3/1/44.

Memo for Mr. Tolson

Mr. Nease pointed out in his memorandum that Mr. Jones is becoming too burdened with administrative detail and is not affording proper leadership to Crime Records Section. In addition, Mr. Nease indicated numerous administrative weaknesses were found in Crime Records Section.

In the inspection writeup in regard to Mr. Jones dated October 28, 1958, Mr. Nease stated that under Jones' supervision the reorganization of the Crime Records Section made some months ago is beginning to pay results and there has been a decided improvement in the Crime Records Section. Errors in correspondence have decreased. The quality of the work is better even though the section has been heavily burdened with numerous special projects. Mr. Nease stated that it is apparent that Mr. Jones has taken hold of this section in a much more firm manner than in the past. As of the date of this rating, Nease feels that if his present standard of performance will continue, Jones should be able to function in his present capacity.

Inspection Findings: Mr. Nease's evaluation of Mr. Jones is well founded. Inspection findings reflect that supervisor Jones is extremely capable and a hard worker but he is weak on administration. Mr. Jones is so conscientious about his work that he is reluctant to delegate responsibility. As a result he is so burdened with administrative detail that he does not have time to delve into, analyze, supervise and devote the necessary attention to the over-all operation of the section.

Inspection revealed serious shortcomings regarding adequacy of space in Crime Records Section resulting in untidy appearance in some units. Appearance could have been improved, however, by better housekeeping habits and tighter administrative control. Low production in Crime Records stenographic pool; two stenographers were without regularly assigned typewriters May through October, 1958; inadequate system for following delinquency (work 3 days old) as well as inadequate system for charging out reference material maintained by section.

These matters were discussed by the Inspector with Mr. Jones. He understands that in order to provide supervision and leadership he cannot rely on subordinates but must personally delve into every phase of the section's operations. Mr. Jones stated that he was aware of the problems arising from errors and letters of censure in the Crime Records Section and has on numerous instances called them to the attention of Mr. Nichols and Mr. Nease.

Mr. Jones has assured that if the Director maintains him in his present position, he will do everything in his power to operate the section the way he knows the Director wants it run.

Memo for Mr. Tolson

Recommendations:

- (a) Inasmuch as Crime Records Section has begun to show considerable improvement during the inspection and under the new reorganization plan, it is recommended that Jones be given an opportunity to demonstrate any qualities of leadership he might have.

- (b) It is being recommended, however, that he be censured and placed on probation. If approved, to be handled by the Administrative Division.

3. [redacted] (11/1/38 as SA); GS-16,
\$14,190; Not on Probation; Nonveteran.

[redacted] has a good knowledge of the operations of the Records Branch. He is sincere, conscientious and loyal. However, in regard to Agent supervisors in the Records Branch, [redacted] made no effort to reduce personnel in line with the Director's expressed need for "tightening up" and reducing personnel wherever possible without affecting over-all efficiency. Inspection findings indicate a sound basis existed for the reduction of Agent personnel in the Records Branch by two. [redacted] if he were properly fulfilling his responsibilities as Chief of the Records Branch, should have been aware of this excess in personnel and should not have needed the impetus of the inspection to take appropriate action.

It is recommended that [redacted] be censured for his failure to recognize the existence of excessive Agent supervisory personnel in the Records Branch.

Memo for Mr. Tolson

4. To implement transfer of certain pending projects, as agreed upon by Mr. Nease and the Inspector, recommend that:

- (a) National Association of County and Prosecuting Attorneys, American Bar Association, National Association of Attorneys General, be transferred from the Crime Records Section to the Training and Inspection Division.**
- (b) That "FBI Notes" project, be transferred from Projects Unit, CRS, to Publications Unit, CRS.**
- (c) That a central control desk be established in the Crime Records Section for administrative control of the preparation of biographical summaries on individuals or subjects which are basically research studies and not of short deadline.**

5. That Records and Communications Division implement appointment of a committee of 4 persons, one each from Records and Communications Division, Domestic Intelligence Division, and Investigative Division, which divisions made most use of correlation summaries, and one from the Training and Inspection Division, to thoroughly study and re-evaluate the entire correlation summary program. Final report and recommendations of this committee should receive Executives Conference consideration.

Memo for Mr. Tolson

6. Adequacy of personnel recommendations, CRS, handled separately by memorandum Q. Tamm to Mr. Tolson, 1/16/59, captioned, "Adequacy of Personnel, Crime Records Section (CRS)." (Memo attached.)

7. Recommendations in regard to morale in CRS handled in separate memorandum dated 1/15/59 from Q. Tamm to Mr. Tolson captioned, "Records and Communications Division Inspection (Morale)." (Memo attached.)

PERMANENT BRIEFS OF G. A. NEASE AND M. A. JONES ATTACHED.

Div Four Insp SYNOPSIS *HERSE, GORDON*

Supervisor [] of the Crime Records Section advised Inspector that morale in the Correspondence Unit of Crime Records Section (CRS) was low because of high number of letters of censure received by Agent personnel assigned to unit. Feels resignations resulted from letters of censure and pressure.

All Agent personnel and [] Research Assistant in Correspondence Unit, interviewed. Feeling on part of personnel concerning morale mixed. Inspector feels morale below average. Those interviewed maintain that esprit de corps, enthusiasm and interest in work excellent. All admit existence of a problem which has direct bearing on morale and that is feeling of frustration on part of personnel in Correspondence Unit as to their future in Bureau resulting from high number of letters of censure. All except [] agree error program is good and should not be changed. (Error Program - Any employee dictating or preparing outgoing correspondence addressed to persons by name or outside the Bureau which is found to contain an error is to be censured for each such piece of correspondence containing an error when detected in the Director's Office, Associate Director's Office, or the Bureau Reading Room.) Error program, letters of censure and resignation situation analyzed. Since inception of new error program on 4/8/57, 64 detected outside of the division were charged against Records and Communications Division. On a percentage basis when compared with errors in other divisions, Records and Communications Division was low. However, heavy concentration of these errors found in Correspondence Unit of Crime Records Section. From 4/8/57 to 10/31/58 there were 75 letters of censure directed to Crime Records Section, 52 of which directed to Correspondence Unit. These 52 letters of censure received by 12 individuals and ranged from 1 to 11 letters per individual. Of 12 employees who received 52 letters of censure during pertinent period, 2 resigned, 5 still employed in unit, 1 transferred to Investigative Division, and 3 to Washington Field Office.

SA [] one of 3 transferred to Washington Field Office; was so transferred as a result of the program.

cc - Mr. Mohr

Memo for Mr. Tolson

that even though [] one of two who resigned since inception of error program, gave some other reason for resignation, he (EMH) of opinion that Maisch resigned because of dependency over high number of letters of censure. Still indicated Maisch was becoming a sick man because of pressure of Correspondence Unit.

[] stated she knew that prime reason for resignations of [] and others, was pressure of work in Crime Records Section. Inspector recommends no change in new error program.

Still

Former supervisor/estimated that errors in Correspondence Unit have been reduced by 2/3 as a result of program. Analysis of errors reflects that they are of such a nature that more careful proof-reading of letters looking for grammatical errors, and certain changes in the Correspondence Unit should effect further reduction.

(secured)
Present space completely inadequate and space alignment not conducive to high quality work expected of Correspondence Unit. On one occasion Inspector observed seven employees milling about a room in which supervisor dictating letter for Director's signature. Additional space, if properly organized, should help reduce errors. Inspector feels present rate of 20 letters per employee in Correspondence Unit too high to insure quality of letter and degree of accuracy necessary in correspondence for Director's signature. One additional employee would reduce rate to 17 letters per day per employee. Each supervisor would be able to devote approximately 15% more time to each letter. Addition of one Agent to Correspondence Unit should promote greater accuracy. Proper deployment of experienced stenographers in Correspondence Unit should help. Assignment to Correspondence Unit a challenge. Personnel assigned thereto should be thoroughly screened prior to assignment and carefully indoctrinated thereafter. Personnel presently assigned to unit appear capable. Failure to properly indoctrinate employees gives rise to feeling of frustration. Traces of self-pity also evident. Mr. Jones and Mr. Nease aware that problem exists; should have given Director benefit of information concerning problem. Mr. Nease claims condition in Correspondence Unit due to resentment of error program and that with pride in work on part of personnel, error program will take care of itself. Inspector does not agree. No Agents interviewed showed resentment to error program as such. All expressed pride and enthusiasm in work. Inspector feels that with above-indicated changes and with closer guidance, direction and leadership, the condition in Correspondence Unit will improve.

Memo for Mr. Tolson

RECOMMENDATIONS:

1. [] EOD 12/11/59; GS-13, \$10,370,
Veteran (5 points); Not on Probation.

Inspector feels that [] although his analysis of the situation could not be completely supported by fact, was sincere and motivated in part by lack of any action on part of division officials to take corrective action on problem they knew existed. Inspector realizes there is no room for self-pity. However, it is felt [] had best interests of Bureau at heart and inspection verified to some extent [] allegations. b6

Serious administrative action would be recommended against [] for his failure to take appropriate action earlier except it is felt that such action would tend to discourage employees from bringing undesirable conditions to attention of officials.

It is recommended that [] be censured for his failure to take appropriate remedial action immediately upon becoming aware of the undesirable situation existing in Crime Records Section.

*Recommend
no further
action
JWW
1/19*

2. Milton A. Jones, EOD 2/6/39; GS-15, \$13,970,
Nonveteran, Not on Probation.

Mr. Jones was aware that a problem existed in Correspondence Unit in that personnel assigned thereto felt their future in the Bureau could be affected unless some consideration is given to their constant exposure to errors and censure. He states that he discussed the matter with Mr. Nichols but other than this he took no positive action to analyze the situation to ascertain if problem had basis in fact. Inspector feels that Mr. Jones failed to properly analyze the situation or to provide the leadership and indoctrination necessary to offset any feeling of frustration and self-pity which may have crept into the Correspondence

Memo for Mr. Tolson

Unit. Recommendation for administrative action regarding Mr. Jones contained in summary.

3. Mr. Gordon A. ~~Nease~~ Nease, EOD (adjusted) 5/10/38, GS-16, \$14,430, Nonveteran, Not on Probation.

Mr. Nease states he was cognizant of situation in Crime Records Section which he attributes to certain resentment over Bureau error program. He feels that if idea of pride in their work can be instilled in supervisors handling correspondence, the error program would take care of itself rather than change the rule. Inspector feels that Mr. Nease did not properly analyze and handle the problem. As soon as he took over the division he should have immediately advised the Director of the situation and outlined what positive aggressive action he proposed to take to remedy it. By his failure to do this he allowed a situation to simmer which, at best, is not a healthy one. Inspector does not agree with Mr. Nease that errors due to lack of pride on part of supervisors. During interviews, Inspector detected a great deal of pride and enthusiasm on part of supervisors.

Recommendation for administrative action regarding Mr. Nease contained in summary.

nease, Jones and
[] have failed
miserably in
properly
operating and
indoctrinating
the employees in
this Section. Unless
there is an immediate
improvement, they
will have to be replaced

Memo for Mr. Tolson

DETAILS

BACKGROUND:

Supervisor [] of the Crime Records Section, during an interview by Inspector [] advised that morale in the Correspondence Unit of the Crime Records Section was low because of high number of letters of censure received by Agent personnel assigned to unit.

Agent personnel and [] Research Assistant in Correspondence Unit, interviewed.

MORALE

Opinion is divided as to the status of morale in the Correspondence Unit. Following are comments of those interviewed in regard to morale.

[]

"....my morale is as high as ever and my enthusiasm for my work has not diminished in any manner."

[]

"In response to any inquiry relative to any morale problem I am firmly convinced that the enthusiasm and attitude of all employees of the Correspondence Unit are very high."

[]

".....I felt that it is not possible under the true meaning of the word morale to say that morale is good or bad in the unit."

[]

".....I recognized the existence of a morale problem despite the fact that we are trying very hard to do our jobs, that we have no 'gripes' and that we certainly will not be discouraged in our determination to do the best job possible by any difficulties which we might encounter."

Memo for Mr. Tolson

[redacted]

"...the enthusiasm and attitude of the Special Agents assigned to the Correspondence Unit are excellent. Howeverit was my thought that morale could not help but be affected by the high degree of vulnerability attaching to correspondence duties and the constant pressure under which they are carried out."

[redacted]

"....In answer to the question concerning morale.... I felt that there was an exceptionally strong 'esprit de corps' among the employees of the Correspondence Unit of the Crime Records Section."

[redacted]

Stated that morale is a relative thing. As far as enthusiasm, interest in work and willingness to do a good job, personnel in Correspondence Unit cannot be surpassed.

b6

CONCLUSIONS OF INSPECTOR

[redacted] is not as high as it could be, because of an existing problem. Attitude of those interviewed excellent.

THE PROBLEM

[redacted]

"I have received a number of letters of censure resulting from mistakes in outgoing mail andI was personally very concerned about my future in the Bureau as a result."

[redacted]

"I feel employees of the unit work in a state of apprehension because of the constant heavy volume and pressure and because of the utmost need for accuracy."

[redacted]

"My main concern is that my career in the Bureau will be hurt because of my assignment to the unit. I certainly make every possible effort to avoid errors but realize it is impossible to catch them all. I know the chances of my being censured under the error program are far

Memo for Mr. Tolson

greater when I do nothing but handle signature mail than are those of some Agent in another section who rarely ever has to turn out such mail and I fear this other Agent will be promoted past me merely because I have received more letters of censure than he has. I recall the Correspondence Unit had been described to me before I came to the section as 'a treadmill to oblivion' and I certainly do not want to have my record in the Bureau ruined."

[redacted]

"I think that basically the factor underlying the morale problem is the experience we have had wherein any number of Agents with excellent records elsewhere in the Bureau.....yet almost without exception when these good men have been placed on a correspondence desk, their Bureau records have suffered."

b6

[redacted]

"Relative to the error program I agreed that it had accomplished very successful results but I wondered if its strict application to personnel whose duties in the main consist of preparing correspondence for outside the Bureau was completely fair."

[redacted]

"I also pointed out that ~~it does~~ not seem logical to count all errors in the same way. Some involve more culpability than others.I submitted an oral suggestion to Mr. Nease that more latitude be taken in scoring errors in the Bureau against employees who are as highly vulnerable as we are in Crime Records Section."

CONCLUSIONS OF INSPECTOR

That apprehension exists on the part of Agents assigned to the Correspondence Unit concerning their future in the Bureau. This apprehension is caused by the number of letters of censure they receive.

ERROR PROGRAM

Since current error program was inaugurated on 4/8/57 there was a total of 64 errors found outside of Records and Communications in mail prepared by the Correspondence Unit and directed outside the Bureau. This number represents the errors detected by the Reading Room. In addition, there were 124 errors detected within the division. Following chart reflects a comparison of the errors of the Records and Communications Division with other divisions:

Memo for Mr. Tolson

<u>Division</u>	<u>Total Pieces of Mail</u>	<u>Total Errors in Correspondence Dir. Outside Bureau Detected by Reading Room</u>	<u>Percentage</u>
Identification	7361	19	.00258
Training & Inspection	3893	10	.00256
Administrative	44013	92	.00209 ✓
Records & Communi- cations	27702	64	.00231
Domestic Intelligence	24058	98	.00407
Investigative	22849	53	.00231
Laboratory	12111	52	.00429

On a divisional basis the number of errors detected in correspondence directed outside of the Bureau by the Records and Communications Division was comparatively low percentagewise. It is estimated that 95% of all correspondence in the Records and Communications Division emanates in the Crime Records Section and 80% of the correspondence prepared by the Crime Records Section is handled by the Correspondence Unit. All Agents interviewed in the Correspondence Unit were heartily in favor of the error program and believed it should be continued in its present form. b6

It should be noted that [] voiced some opposition to the method of counting errors under the error program. She believes that more latitude should be taken in the scoring of errors in the Bureau against employees who are as highly vulnerable as those in the Crime Records Section.

[] who was transferred to Washington Field Office from the Correspondence Unit, was interviewed and stated that he felt the new error program under which he received 9 letters of censure while in the Correspondence Unit did a great deal in cutting down errors. He stated that in his opinion the errors were cut 2/3 and he heartily endorses the program.

Memo for Mr. Tolson

CONCLUSIONS OF INSPECTOR

That employees of the Correspondence Unit, because of the nature of their work, do have more errors than any other unit of comparable size in the Bureau and this creates a serious problem concerning which something should be done. However, the error program should not be altered because of this. Inspector believes that by making certain adjustments in the Correspondence Unit, the frequency of errors can be reduced materially.

LETTERS OF CENSURE

From the inception of the error program on April 8, 1957, to October 31, 1958, Crime Records Section received 75 letters of censure. Following is a breakdown of the units to which the letters of censure were directed:

<u>Unit</u>	<u>Present Strength</u>	<u>Letters of Censure</u>
Correspondence	6*	52
Library	1	1
Research	5	3
Special Projects	4	3
Publications	2	5
Section Chief)		
No. 1 Man)	3	11
No. 2 Man)		
	<u>21</u>	<u>75</u>

b6

*Includes GS-9 Research Assistant who performs duties similar to those of an agent supervisor in preparing outgoing correspondence.

Memorandum for Mr. Tolson

Enclosed for the Bureau are 52 letters of censure received by the Correspondence Unit, which were received by the Correspondence Unit. The 52 letters of censure received by the Correspondence Unit were received by 12 individuals and ranged from 1 to 11 letters per individual as follows:

<u>Employee</u>	<u>No. of Letters of Censure</u>	<u>Present Assignment</u>
<div>b6</div> <div></div>	2	Correspondence Unit
	1	Investigative Div. since 1/58
	4	Correspondence Unit
	3	Resigned 10/17/58
	2	Transferred to WFO 8/57

Memo for Mr. Tolson

Of the 12 employees who received these 52 letters of censure, it will be noted from the above chart that 2 have resigned, 5 are still employed in the unit, 1 was transferred to the Investigative Division, and 3 to the Washington Field Office.

CONCLUSIONS OF INSPECTOR

69% of the letters of censure directed to the Crime Records Section are received by Correspondence Unit. Although the Correspondence Unit is more susceptible to letters of censure than any other unit in the Bureau, the number of letters of censure are entirely too high. This high rate of letters of censure stresses the need for greater accuracy and the elimination of any weaknesses which might contribute to errors. Special concessions to the Correspondence Unit because of the volume of work handled is not the answer and would only tend to increase rather than decrease the number of letters of censure.

RESIGNATIONS

From October 1, 1955, to November 1, 1958, 5 Agents assigned to the Records and Communications Division resigned. All of these Agents were either assigned to the Correspondence Unit of Crime Records Section at the time of resignation or shortly before their resignation.

Following chart sets forth resignations in Records and Communications Division as compared with other divisions:

<u>Division</u>	<u>Total Agent Resignation Oct./55 - Nov./58</u>	<u>Av. # Of Agents Per Division Oct./55 - Nov./58</u>	<u>Percentage</u>
Identification	1	6	16.67
Training & Inspection	2	31	6.45
Administrative	0	29	0
Records & Communi- cations	5	33.5	13.69
Domestic Intelligence	2	148	1.35
Investigative	7	123	5.69
Laboratory	1	81	1.23

Memo for Mr. Tolson

Three of five resignations in Records and Communications Division occurred since inception of new error program 4/8/57.

The percentage of resignations in relation to the number of Agents assigned is extremely high with the exception of Identification Division, where the percentage is high because of the relatively small number of Agents assigned.

In regard to resignations, [] stated:
" You asked me specifically if I felt that the hardships which we believe exist in Crime Records have resulted in the resignations of Special Agents and I told you I knew that this was the prime reason in numerous cases. I could cite [] and others. I do not know the abilities of these men in the field, but I did respect their judgment and abilities at SOG. I told you that I thought that the section suffered from their resignations and in view of their abilities that the Bureau suffered a loss of many good men. I have also seen numerous stenographers and typists leave for other employment rather than put up with the pressure of our section considering the salary scale they were on. [] is a good example of an excellent stenographer whom we lost to the Pentagon. I personally overheard one of our present top stenographers, [] tell of waking in the morning crying because the work of the section was so much on her mind. To work as hard as we do and still get 'clobbered' under the error program is demoralizing."

[] pointed out that there have been some resignations of good men from the section and although the resignees failed to give the real reason for resignation, [] feels that the resignations were due to a feeling of frustration.

CONCLUSIONS OF INSPECTOR

Whether or not resignations resulted from letters of censure is difficult to establish. We can only take the word of the resignees and none gave letters of censure as a reason for resignation. As indicated previously, of those who resigned since the inception of the new error program, [] had three letters of censure and [] 8.

[] memorandum dated 11/7/58 to Mr. Tolson stated that SA [] had received several letters of censure in connection with work in the Correspondence Unit. He had been moved

Memo for Mr. Tolson

to other work prior to his resignation. [redacted] stated that under the interview program he was available for inspection assignments and indicated a preference for security-type work with the result that he was transferred to Pittsburgh. He subsequently resigned because he did not wish to leave the Washington area.

Former SA [redacted] resigned October 17, 1958, and his resignation was undoubtedly the result of having received censure letters as a result of work in the Correspondence Unit coupled with the fact that he felt his chances of further advancement were limited since at the time he was interviewed by [redacted] under the interview program he was informed there was a strike against him and that he would have to prove himself. Mr. Nease discussed [redacted] case with Mr. Tolson and it was Mr. Nease's understanding that [redacted] was perhaps resentful of letters of censure he had received and the fact he felt his Bureau career had been blighted.

[redacted] when interviewed, stated that he was very close to [redacted]. He felt that [redacted] was an excellent Agent but that he was becoming despondent because of the letters of censure that he was receiving. He stated also that [redacted] health was not good and that he was advised by doctors that the skin disease on his hand was caused by pressure of work. According to [redacted] asked to get off the Correspondence Desk, having in mind a transfer to another division at the SOG. He stated, however, that inasmuch as he was transferred to Pittsburgh he did not feel he could take the transfer and resigned.

SPACE

Inspection Staff found space in Correspondence Unit and stenographic pool completely inadequate. Space in stenographic pool 47.5 square feet per employee as compared with 59.9 square feet per employee for stenographic pools of the Domestic Intelligence and Investigative Division and the Laboratory. The crowded conditions not conducive to accurate work. Stenographic production low.

Space in Correspondence Unit averages 47.4 square feet per employee as compared with approximately 70 square feet per employee over-all average for SOG. Crowded condition creates unwholesome atmosphere for concentration, dictation, and accuracy required of Correspondence Unit personnel. On one occasion, as many

Memo for Mr. Tolson

as 7 employees observed milling about a room in Correspondence Unit while a supervisor was dictating.

Additional space now available and if properly utilized should alleviate above conditions. (Space handled in detail in separate memorandum.)

ADEQUACY OF PERSONNEL

Analysis of personnel in Correspondence Unit reflects need for additional supervisor.

Three-day survey revealed that 6 supervisors (including , a GS-9 Research Assistant) of Correspondence Unit produced 120 letters per day, an average of 20 letters per day per supervisor. Work of supervisors of Correspondence Unit monitored frequently during inspection. Because of deadline nature of work, and because correspondence directed to prominent business, Governmental and professional leaders as well as friends of the Bureau and the general public, Inspector feels that 20 letters per day per supervisor is too high. The assignment of an additional supervisor would decrease the average production from 20 to 17 letters per day per supervisor, thereby affording each supervisor approximately 15% more time to devote to the preparation and review of correspondence with the definite aim of improving the quality of the letters as well as reducing the frequency of errors.

b6

(Recommendations in regard to personnel being made in a separate memorandum captioned "Adequacy of Personnel, Correspondence Unit.")

PERSONNEL SCREENING AND INDOCTRINATION

Personnel presently assigned to Correspondence Unit appear capable. They take a great deal of pride in their work, are enthusiastic and loyal. In screening employees for assignment to Crime Records Section, considerable emphasis is placed upon journalistic background and ability to write, which is as it should be. However, when a group of personnel with specialized aptitudes work together for an extended period of time, a potential develops for possible feeling of superiority. As a result they would look upon errors as an obstacle to their advancement which develops in spite of their ability and over which

Memo for Mr. Tolson

they have no control rather than an obstacle that develops because of their own inadequacies and which they can control. Their inability to properly evaluate the obstacle creates a feeling of frustration with the eventual development of a defeatist attitude.

With this thought in mind, the screening committee, when considering personnel for assignment to Crime Records Section, should consider not only journalistic background but should determine whether prospective candidate is temperamentally suited to handle the assignment which represents a challenge which can be met by positive thinking men who will not be discouraged by temporary obstacles in attaining their objective.

After the employee has been selected, his indoctrination to the work should be a continuing and personal matter for the Unit or Section Chief.

Approval was granted 1/11/55 for names of former employees as headed to be furnished various field offices so SACs might consider extending them invitations to attend certain social, law enforcement, and National Academy functions, conferences, and meetings, respectively. The purpose of this memo is to recommend that Gordon A. Nease be listed.

Mr. Nease entered on duty 3/1/35 as a Clerk, became an Agent 11/1/38, and resigned 2/15/52. He was reinstated 4/25/55 as an Inspector and remained as such until his resignation became effective 2/6/59 when he was in Grade GS-16 at \$14,430. He was then in charge of the Files and Communications Division. As a result of delinquencies found in the Division which he supervised, he was placed on probation 1/19/59 and was in that status at the time he submitted his resignation. Mr. Nease informed the Director 1/30/59 he had been offered a position on the staff of the Armed Services Committee of the U. S. Senate and could not reject it because illness in the family necessitated that he obtain a higher income. The Director expressed appreciation to Mr. Nease for the services he rendered the Bureau and Mr. Nease offered his services on The Hill in the event these are ever needed. He was placed on the mailing list of the FBI Law Enforcement Bulletin 2/3/59. Despite the fact that he was on probation at the time he resigned, his long years of service were certainly above average (rated Satisfactory 3/31/58) and there is no reason to preclude Mr. Nease from such invitations mentioned above. In the event Mr. Nease goes out of the Washington, D. C., area, the respective SAC will be advised to consider him for such invitations. As of 2/6/59 Mr. Nease was living at 7812 Allen Sturges Terrace, Falls Church, Virginia.

RECOMMENDATION:

That approval be granted to list Mr. Nease for such invitations and if he goes to an area outside Washington, D. C., appropriate SAC will be so notified. A copy of this memorandum is designated for Crime Records Division so Mr. Nease may be considered for Seat of Government contacts.

PERTINENT CLINICAL HISTORY, OPERATIONS, PHYSICAL FINDINGS, AND PROVISIONAL DIAGNOSIS

Neg. family history - Thyroidectomy - age 39 for tumor.

FILM NO. 7048-55

DATE OF REPORT

RADIOGRAPHIC REPORT

5-23-55

Chest: Examination reveals a generalized increase in density throughout both lung fields. This density is in the form ~~of~~ suggestive of interstitial fibrosis or infiltration of some sort. A calcific deposit is noted in the right mid lung field laterally. This appears stable. There are calcific deposits in ~~the~~ both hilar shadows. In the absence of clinical history, we are unable to make a definite impression. The appearance described could be normal for this patient, however the patient should be evaluated clinically in view of the findings noted above. The possibility of a ~~xxx~~ blood ~~dis~~ disease or ~~xxx~~ Hodgkins Disease must be considered as also Boeck's Sarcoid. JHG/E

Mr. Gordon A. Nease
7812 Allan Sturges Terrace
Falls Church, Virginia

Dear Gordon:

It was good of you to write on January 11th,
and I appreciate your interest in advising me of the matter
you mentioned. Thank you for your best wishes, and I
hope the New Year brings you an abundance of all good
things.

Sincerely,

NOTE: Mr. Nease is on the Special Correspondents' List on a first-name basis and is a former Inspector. Information regarding this rumor was brought to the Bureau's attention and set forth in a memorandum from Mr. L'Allier to Mr. Sullivan, 1-9-62. Correct spelling of Nease's street is "Allan Sturges Terrace" per 1961 Falls Church and Washington, D. C., city directories.

W. J. Nease

Dear Mr. Hoover,

It has recently come to my attention indirectly that my name may be under consideration for some position in the Department of State's security. The thought occurs to me that if this be true, would no doubt come to the attention of the Bureau. I want you to know that I am not a candidate for any position in the State Department, nor have I been approached by them in this regard.

As I recall, I was approached concerning some such position several years ago which I declined, and my sentiments have not changed. As you know, the Washington rumor mill works overtime, and my information may be in error. In any event I wanted you to know my feelings in the matter.

I hope this new year will bring a lightening of your burden and much in the way of good health.

With best wishes and kind regards, I am

Sincerely,

Gordon Nease

Dear Mr. Hoover:

Your letter of November 16 concerning the passing of my father meant a great deal to me. Although we learn to expect the eventual loss of loved ones, we are never quite prepared and it is the thoughts and consideration of one's friends that helps so much.

I should also like you to know of the kindness and consideration shown by members of the Little Rock office to my sisters and me on this occasion. I particularly want to call your attention to the special efforts on the part of Special Agents [redacted]

Mr. Gordon A. Nease
7812 Allen Sturges Terrace
Falls Church, Virginia

Dear Gordon:

I am deeply grieved to learn of the passing of your father, and want to express my profound sympathy to you.

Though words can do little to lessen your sorrow, I want you to know that we in the Bureau are thinking of you. If there is anything I can do, please do not hesitate to let me know.

Sincerely,

J. Edgar Hoover

March 3, 1961

MR. GORDON A. NEASE

Mr. Nease entered on duty in the Federal Bureau of Investigation in a temporary capacity on March 1, 1935, as a Typist with salary of \$4.00 per day and he was appointed on a permanent basis to the position of Typist, Grade CAF 2, \$1440 per annum, effective April 26, 1935. He was appointed to the position of Special Agent, Grade CAF 9, \$3200 per annum, effective November 1, 1938. After a period of training, he performed investigating, accounting and supervisory duties. He submitted his voluntary resignation effective at the close of business February 15, 1952, at which time he was occupying the position of Inspector, Grade GS 14, \$10,000 per annum. He was reinstated on April 25, 1955, as an Inspector, Grade GS 15, \$11,610 per annum. He voluntarily resigned effective at the close of business February 6, 1959, to accept other employment. At the time of his separation, he was receiving salary of \$14,430 per annum in Grade GS 16. Mr. Nease's services were satisfactory and nothing was known which would reflect unfavorably on his character or integrity; this comment relates only to the periods in which he was an employee of this Bureau and does not constitute and should not be construed as information concerning his character, integrity or activities since separation.

Memorandum prepared for the Special Inquiry Section for transmittal to the Atomic Energy Commission.
M. N. Wolf

adh (5) 67-50942

When interviewed by Mr. Hoover on 1-27-59, Mr. Nease advised that for financial reasons he planned to accept a position which had been offered him to be on the staff of the Armed Services Committee of the United States Senate.

MEMORANDUM

10-26-62

Miss Gandy:

Here is a copy of a letter I sent to Freudenheim for what ever little good it might do. I suppose though, that the truth is wasted on anyone who repeats the sort of junk he has. I did not hear the broadcast by WBAI if there was one. It is hard to believe that any station would put such an interview on the air. Sounds like a stunt the N. Y. Post would pull. Levine is obviously a mental case.

Mr. Milt Freudenheim-
c/o Chicago Daily News Bureau
The United Nations
New York, New York

Dear Mr. Freudenheim:

The article appearing in the "Washington Post" on October 21, 1962, entitled "FBI Run In Autocratic Way Ex-Agent Says," was of particular interest to me since I, too, am an ex-agent having served in the FBI on two occasions for a total of 21 years. This article under your by-line I note does not purport to be a factual piece but apparently was excerpted from a taped recording made by radio station WBAI in New York. This, I think, is to your credit since the piece is factually incorrect and while a newspaperman is entitled to report what he wishes, he is not entitled to be wrong in his facts.

The article consists of nothing more than a jumble of untruths and deliberate distortions which would lead one to believe it is a product of a distorted mind. It seems to me that you might be interested in the views of one who served in a position of responsibility in the FBI and is in a position to know positively the truth or falseness of these many allegations.

First of all, the FBI is a tough organization engaged in a tough business and must have a rigid code of conduct and regulations if it is to survive and serve its purpose. Mr. Hoover prescribed that code many years ago. He has lived by it and has every right to expect his subordinates to do the same. The soundness and wisdom of his administration is a proven fact and let us

[] called this afternoon and on a strictly confidential basis requesting that the Director not let on in any way that he had heard about this and advised that Chairman Rooney in a conversation with him late this afternoon indicated he may inquire of the Director either before or after the hearings tomorrow concerning the possibility of [] of our [] Office being designated to fill the vacancy now existing in the State Department in the position of Administrator, Bureau of Security and Consular Affairs. This is a \$20,000 a year position and on an equal par to an Assistant Secretaryship in the Department of State. Salvatore A. Bontempo of New Jersey recently resigned from this position.

b6

[] further informed that Chairman Rooney and Bill Crockett, the Assistant Secretary of State for Administration were most impressed by [] in connection with their recent trip to the West Coast and the Far East and apparently have been doing some talking along the lines of the possibility of enlisting [] for this position. The Chairman did not indicate how he would pose the proposition to the Director; that is, whether to obtain [] services on a loan basis or whether [] would have to resign from the Bureau to accept this position.

Crockett as you know is a protege of Chairman Rooney and has been moved up in the State Department on the basis of Rooney's backing and he likewise accompanies Rooney on most of his overseas tours.

The position involved is that which we have recently learned that [] and Gordon Nease names have been mentioned in connection with; however, you will recall also that [] and Nease have emphatically denied being approached or giving any consideration whatever to this position should they be approached.

Attached for the Director's information is the current permanent brief of the file of []

Bureau of Employees' Compensation (BEC) by letter 2-25-63 advised that Gordon A. Nease on 2-15-63 filed a compensation claim for hearing loss allegedly caused by conditions of his FBI employment prior to 2-6-59. BEC has asked FBI for the actual time Nease had been subjected to noise from firearms, including indoor and outdoor ranges, types of weapons used at both ranges, intensity of noise level and copies of pre-employment and annual physical examination reports. BEC was advised separately 2-28-63 these facts are being gathered and will be furnished upon receipt. Nease advised BEC that over the years of FBI service he became aware of a hearing defect in the high tones. He said he took no steps to file a claim earlier because he was not certain that he had grounds for doing this since his hearing defect did not seem to be a major defect. He has become more aware in the past two or three years of his deficiency and the resulting handicap. He said he was examined for a reserve commission at the Aviation Medicine Clinic, Pentagon, September, 1962, 1-31-63, and 2-14-63 and he failed to qualify on the hearing examination, that he was told he has nerve damage in the inner ear which will become progressive, and that exposure to noise is the probable cause.

While in FBI, Nease had a Government physical examination 4-26-57 and was given an audiometer test which disclosed a hearing loss of 19.5% in the right ear and a 12% loss in the left ear in the conversational speech ranges. Any loss of hearing less than 13.5% is regarded within the normal hearing range. This audiometer, however, did show substantial high-tone hearing losses in both ears and the medical examiner recommended minimum exposure to gunfire noise and use of ear plugs. The examiner commented the hearing loss was most likely caused by noise from firearms exposure over the past several years. Nease was able to hear the spoken and whispered voice at a distance of 15 feet from the examiner at that time and again on his 4-23-58 examination which was within normal limits. He did not have an audiometer test 4-23-58 and he voluntarily resigned 2-6-59.

Nease entered on duty 3-1-35 as Clerk, 11-1-38 as Agent, and resigned 2-15-52. He was reinstated as Inspector 4-25-55 and held that title until resigning.

Memorandum Davidson to Callahan
RE: Gordon A. Nease

2-6-59 when in charge of Files and Communications Division in grade GS-16. He was on probation when he resigned due to the delinquencies found in the division he had supervised. He advised the Director 1-30-59 he had to resign because family illness made it necessary for him to obtain a higher income and that he had been offered a position on the staff of the Armed Services Committee, U. S. Senate. He offered his services and the Director expressed appreciation for services Nease had rendered the FBI. Although on probation when he resigned, his services were above average when considering his tenure. On 10-24-62 Nease wrote a protest letter to the Chicago Daily News Bureau, The United Nations, New York, New York, concerning its article on Jack Levine, and Director expressed appreciation to Nease for his support by letter 10-29-62. Nease is on the Special Correspondents' List on a first-name basis, and it was approved 4-24-59 that his name be listed for invitations to attend certain social, law enforcement, and National Academy functions, conferences and meetings.

RECOMMENDATION:

That Nease continue to be carried on the two lists set forth above because the hearing loss claim he filed alleging work relation is supported by such opinion expressed by a Government medical examiner.

Dear Gordon:

Miss Gandy brought to my attention your note of October 26th, with enclosure, relating to Jack Levine's malicious and vindictive attack on this Bureau. It was certainly good of you to send the letter to Mr. Freudenheim challenging the statements made in his article. I sincerely appreciate your effort to set the record straight and assure you your prompt support means a great deal to me.

I am enclosing a copy of a letter Mr. Tolson sent to the "Chicago Daily News" and a copy of a self-explanatory telegram from Assistant Attorney General Herbert J. Miller, Jr., I feel sure will be of interest to you.

Sincerely,
J. Edgar Hoover

U.S. DEPARTMENT OF LABOR
BUREAU OF EMPLOYEES' COMPENSATION
WASHINGTON 25, D.C.

February 25, 1963

IN REPLY REFER TO FILE NO. X-1398550

Re: Gordon A. Nease

Personnel Officer
Federal Bureau of Investigation
U. S. Department of Justice
Washington 25, D. C.

Dear Sir:

The Bureau has under consideration the case of Mr. Gordon A. Nease who is claiming compensation on account of bilateral loss of hearing allegedly the result of his employment prior to February 6, 1959 while employed as an inspector with your agency.

Enclosed for your information are copy of Form CA-1 dated February 15, 1963, copy of Form CA-4 dated February 15, 1963, and copy of explanatory memorandum, all of which are self-explanatory.

In line with the Regulations of the Bureau Governing the Administration of the Federal Employees' Compensation Act, will you please submit Official Superior's Report of Injury on Form CA-2. It is suggested that the pay rate on date of termination of services be shown as the wage rate on the form. On the basis of statement from Mr. Nease, this date would be February 6, 1959.

The question at issue is whether at the time of the exposure the noise level was sufficient enough so as to constitute a causative factor in the loss of hearing of both ears.

If there is any document showing the decibel readings of the noise level at the time of the exposure, such evidence should be furnished.

In order to enable the Bureau to give consideration to this case, it is requested that you furnish a report showing:

- (1) the actual period or periods by inclusive dates that Mr. Nease was subjected to noise from firearms;
- (2) the approximate time he was subjected to noise while using firearms on inside ranges;

U. S. DEPARTMENT OF LABOR
Bureau of Employees' Compensation

EMPLOYEE'S NOTICE OF INJURY OR OCCUPATIONAL DISEASE
(Under the Federal Employees' Compensation Act)

INSTRUCTIONS

This form should be completed by the injured employee or someone on his behalf whenever an injury is sustained in the performance of duty and given to his immediate superior within 48 hours. It should be placed in the employee's official personnel file unless the injury causes disability for work beyond the day when it occurred; is likely to result in prolonged treatment or permanent disability; or in a charge for medical or related expenses when it should be forwarded to this Bureau with Form CA-2, Official Superior's Report of Injury. This form is also completed whenever an employee believes he suffers from a disease related to his employment. (See Sections 1.2, 1.3, 2.2 and 2.3 of the Bureau's Regulations.)

The immediate superior should also complete the reverse side of this form.

1. NAME OF INJURED EMPLOYEE (Last, first, middle) Gordon A. Mease		2. DATE OF THIS NOTICE (Mo., day, yr.) February 15, 1963	
3. PLACE OF EMPLOYMENT (Name and location of office or establishment) Formerly - Federal Bureau of Investigation, Wash., D. C.		4. DATE OF INJURY (Mo., day, yr.) See attached	
5. OCCUPATION At time of injury - Special Agent and Inspector, F. B. I.		6. HOUR OF INJURY (a.m. or p.m.) N. A.	
7. PLACE OR LOCATION WHERE INJURY OCCURRED various locations			
8. CAUSE OF INJURY (Describe how and why injury occurred) Noise created by the use of firearms. It is believed my ears were damaged over a period of years as the result of the report of firearms while taking regular firearms training over a period of eighteen years. I have been aware of some hearing defect for high pitched sounds for a number of years, which seems to have gotten progressively worse. A recent physical exam revealed a rather serious defect which will require attention.			
9. NATURE OF INJURY (Name part of body affected—fractured left leg, bruised right thumb, etc.) Hearing defect, both ears.			
10. NAMES OF WITNESSES TO INJURY N. A.			
11. IF THIS NOTICE WAS NOT GIVEN WITHIN 48 HOURS AFTER THE INJURY, EXPLAIN REASON FOR DELAY. IF EARLIER NOTICE WAS GIVEN, VERBAL OR WRITTEN, STATE WHEN AND TO WHOM. The injury has been a progressive one and the seriousness was not recognized earlier. Regular annual physical reports were made while in the F. B. I.			
I certify that the injury described above was sustained in the performance of my duties as an employee of the U.S. Government and that it was not caused by my willful misconduct, intention to bring about the injury or death of myself, or another, nor by my intoxication. I hereby make claim for compensation and medical treatment to which I may be entitled by reason of this injury.		12. SIGNATURE Gordon A. Mease	
		13. HOME ADDRESS OF INJURED EMPLOYEE 7812 Allan Sturges Terrace, Falls Church, Virginia 67-5072-225	

~~STATEMENTS OF THE IMMEDIATE SUPERIOR AND WITNESSES TO THE INJURY~~

The immediate superior should submit a statement and secure statements of witnesses where possible. The statements should tell just what each personally knows about the injury, and how and when such knowledge was obtained.

14. DATE CA-1 RECEIVED BY AGENCY (Mo., day, yr.)

15. CA-1 RECEIVED BY WHOM

16. STATEMENT OF IMMEDIATE SUPERIOR

17. SIGNATURE OF IMMEDIATE SUPERIOR

18. DATE (Mo., day, yr.)

19. STATEMENT OF WITNESS

20. SIGNATURE OF WITNESS

EXPLANATORY MEMORANDUM

The purpose of filing this claim is to ascertain whether I might be entitled to consideration under the Compensation Act as a result of a partial loss of hearing, which I believe may have resulted from the periodic use of firearms while in the employment of the Federal Bureau of Investigation for a considerable number of years.

I was employed by the F. B. I. in a clerical capacity on March 1, 1935, and became a Special Agent on November 1, 1938, thereafter serving in various Field Offices and at the Bureau headquarters in Washington, D. C. I had attained the rank of Inspector at the time of my resignation to join the staff of the Senate Appropriations Committee on February 15, 1952. I returned to the F. B. I. on April 25, 1955, as an Inspector, remaining until February 6, 1959, when I accepted my present position on the Professional Staff of the Senate Armed Services Committee. During the approximately eighteen years I served in an investigative capacity with the F. B. I. I was required to engage in regularly scheduled firearms training about once each month. During the winter months such training was held indoors and outside during the summer. Side arms were consistently used, and on various occasions, rifles, shotguns and .45 cal. sub-machine guns. For approximately a year, during the time I served in a clerical capacity, prior to becoming an Agent, I conducted tours for visitors through the F. B. I. facilities and had many occasions to take such visitors to the firearms range for demonstrations, where I of course was exposed to the report of firearms.

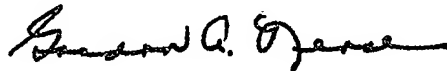

Over the years I became aware of a hearing defect for the higher pitched sounds, but considered this not unusual and received no treatment, nor did I request any. No formal notice or complaint was made to my employer, other than the results of the annual physical examinations all investigative employees and officials were required to take. During such examinations, my hearing was generally tested by whispered words, however, I do recall that on a few occasions the test was made by use of an audiometer and I believe these tests revealed some hearing defect.

The reason I have taken no steps prior to now to file a claim is because, frankly, I was not certain I had grounds for doing so as my hearing defect did not seem to me to be a major one. During the past two or three years, however, I have become much more aware of this deficiency and the resulting handicap. This was pointed out recently when I was examined for a Reserve Commission in USAF, at the Aviation Medicine Clinic, Room 4A750 the Pentagon.

67-50942-335

On the occasion of this regular physical examination in September of last year I did not qualify on the hearing examination which was repeated on January 31, 1963, with the same results. On February 14, 1963, my hearing was checked by a specialist, Dr. Fields, at the LNT Clinic, Andrews Air Force Base, Maryland. This examination substantiated the two earlier examinations. I was informed that the damage is to the nerve in the inner ear, that treatment will not improve my hearing, which will probably deteriorate further as I grow older. I was advised to have annual examinations to follow the progress with the idea in mind of securing a hearing aid at the proper time. Exposure to noise, the probable cause.

It is with the above factors that I now file a claim for such consideration as is warranted.

Gordon A. Nease

CLAIM FOR COMPENSATION ON ACCOUNT OF INJURY

[To be filed with the official superior, within 60 days after the injury causing disability for more than 3 days, for transmission to the U. S. DEPARTMENT OF LABOR, BUREAU OF EMPLOYEES' COMPENSATION]

CLAIM MUST BE FILED WITHIN ONE YEAR AFTER INJURY

NOTICE:

Section 39 of the Compensation Act of September 7, 1916, provides that whoever makes, in any claim for compensation, any statement, knowing it to be false, shall be guilty of perjury and shall be punished by a fine of not more than \$2,000, or by imprisonment for not more than one year, or by both such fine and imprisonment.

1. Name of injured employee Gordon A. Nease 2. Age 49 3. Sex M
4. Mail address 7812 Allan Sturges Terrace, Falls Church, Virginia
[Give first name in full] [Street and number] [City or town] [State]
5. Married, single, widowed X 6. Citizenship U.S.A. 7. Occupation and division See attached statement
[Cross out two words]
8. Rate of pay when injured, \$ 1.40 per _____
(a) Were subsistence and quarters furnished by the United States? No
(b) If so or were they received in addition to rate of pay? _____ [Answer "Yes" to one]
was their value deducted from pay? _____
(c) In either case, state value: Subsistence, \$ _____ per _____; quarters, \$ _____ per _____
9. Time of injury _____, 19 _____ [Day of week] [Hour a. m. or p. m.] m.
10. Disability for work began See attached, 19 _____ [Day of week] [Hour a. m. or p. m.] m.
11. First able to resume usual occupation See attached, 19 _____ [Day of week] [Hour a. m. or p. m.] m.
12. Period for which compensation is claimed. From N. A. to _____ [Day of week] [Hour a. m. or p. m.]
13. Have you received any pay from the Government during period of disability:
On account of annual or sick leave no Dates _____, Total amount, \$ _____
Specify any other reason _____ Dates _____, Total amount, \$ _____
14. Have you worked for anyone during the period of disability? N. A. If so, give name and address of employer, dates worked, rate of pay, and total amount earned
See attached statement. I have been continuously employed by the Government.
15. Were you furnished subsistence or quarters (other than in hospital) during period of disability? No
If so, give dates on which subsistence or quarters, or both, were furnished _____
16. If medical, surgical, or hospital service was furnished by private physicians or hospitals, state amount of expense incurred, \$ 1.40 and submit an itemized bill for this service with an explanation of reason for not using United States medical officers or hospitals, if available.
17. If transportation and other expenses necessary to enable you to secure proper medical and hospital treatment were incurred by you, state amount of expense so incurred, \$ N. A. If reimbursement is claimed submit itemized receipted bill for such expenses.
[Give dates, places of travel, and amount paid; also any special expense necessary because you had to travel from your regular place of residence in order to get proper medical treatment]
18. Place where injury occurred Various locations - see attached
[Give exact location, as name or number of building, and division, etc.]
19. Cause of injury Possibly the continued use of firearms over period of years.
Over the years I have developed a hearing defect, particularly for high pitched sounds which I believe was caused by the use of firearms while employed by the F. B. I. for a number of years. The condition seems to be getting worse.
[State exactly how injury occurred]
20. Nature and extent of injury causing disability _____
same as above
21. Have you made claim against any person for damages on account of the injury described above? No
If you have received any money in payment of damages, state amount, \$ _____
22. (a) Have you ever been in the military or naval service? No If so, state approximate periods served and in what organization _____
(b) Have you ever applied for compensation or pension on account of such service? No If so, give claim number and office where filed _____
(c) Are you now receiving compensation or pension, retainer, or retirement pay on account of such service? No If so, give details _____
23. Have you applied for, or received, annuity under Civil Service Retirement Act? No
24. Dates of other injuries, if any, on account of which you have made claims for compensation _____

I HEREBY make claim for compensation on account of the injury described above, which was sustained by me while in the performance of my duty for the United States, said injury not being due to willful misconduct on my part or to my intention to bring about the injury or death of myself or another, or to my intoxication. I have been disabled on account of this injury and have not refused or failed to perform any work I was able to do during the period for which compensation is claimed and every statement set forth above in support of my claim is true to the best of my knowledge and belief.

Signed this 15 day of February, 1963, at Washington, D.C.

Re: GORDON A. NEASE
FORMER SPECIAL AGENT (SA)
BEC FILE X-1398550

I have been requested to furnish information concerning the exposure of former SA Gordon A. Nease to noise of firearms training. I have been assigned as a Firearms Instructor at the FBI Academy, Quantico, Virginia, since January, 1940, and in charge of firearms training for the Federal Bureau of Investigation since 1942.

Since 1952 the firearms training program requires participation by all Special Agents on the revolver, shotgun and machine gun on an outdoor range four times each year and with revolver only (30 rounds) on an indoor range four times each year. Prior to 1952, training was scheduled seven times each year on an outdoor range and 30 rounds with a revolver on an indoor range on the other five months of the year. In 1954 rifle training was discontinued in the field training program and is only fired on an average of once every four years while Agents attend a retraining session at Quantico, Virginia.

The outdoor training sessions expose an Agent to noise of firing the greater portion of one day whereas the indoor range training requires a participation of approximately 30 minutes each session.

Weapons involved are the .38 caliber 4" barrel revolver, the Thompson Submachine Gun, the Remington Model 81 .30 caliber auto-loading rifle, the Remington Model 31 and Model 870 12 gauge shotgun with 20" barrels, and occasionally a familiarization course with the 357 magnum revolver and 1.5 caliber gas-riot gun.

A review of Mr. Nease's field firearms training record reveals that since 1942, due to the nature of his assignment, attended firearms training less than the average Special Agent. A review of the available

files indicate his attendance at firearms training as follows:

<u>Year</u>	<u>Number Days Outdoor Training</u>	<u>Indoor Range Attendance</u>
1938	10 (New Agents' Training)	
1939	7	2
1940	7	3
1941	5	2
1942	5	3
1943	4	3
1944	4	2
1945	2	4
1946	2	0
1947	1	0
1948	No record in file	
1949	2	0
1950	2	0
1951	2	0
1955	3	2
1956	3	3
1957	2	1
1958	1	1

There is no record in the Bureau of the number of tours Mr. Nease accompanied through the indoor range prior to his Agent's appointment in 1938, and the duration of demonstration for a tour was approximately 10 minutes.

Noise-level tests have not been made on the firing range at the Quantico facility by this Bureau. All Special Agents are required to use cotton impregnated with vasoline to protect their ears from the noise of firing.

Special Agent in Charge
FBI Academy, Quantico, Virginia

OFFICIAL SUPERIOR'S REPORT OF INJURY

(To be submitted to U. S. DEPARTMENT OF LABOR, BUREAU OF EMPLOYEES' COMPENSATION, Washington 25, D. SUBJECT: Gordon A. Nease
 Former Inspector
 Resigned 2-6-59
 Federal Employees' Compensation Act Matter

On 2-15-63, Mr. Nease filed compensation form CA-1, claiming that he had incurred a hearing loss caused by conditions of his FBI employment. Bureau of Employees' Compensation (BEC) requested background information, which was furnished.

This memorandum is submitted to inform you that BEC has determined that Mr. Nease, while having a slight hearing loss, is not entitled to compensation at this time for permanent hearing loss. By letter to Mr. Nease (copy attached), BEC points out that he has the right to ask for a reconsideration of this decision. He may also ask the Employees' Compensation Appeals Board to review BEC's decision. Any further action in this matter must be initiated by Mr. Nease.

BEC has advised Mr. Nease that he may ask that the case be reopened should his hearing loss worsen in the future. Also, an injured employee's right to medical care continues to exist irrespective of his right to monetary compensation. BEC has instructed Mr. Nease to communicate with that office should future medical attention be necessary. The Director has approved that Mr. Nease be continued on the Special Correspondents' List (first-name basis), and the listing of former Bureau Officials for invitations to attend certain social, law enforcement, and National Academy functions, conferences, and meetings.

U.S. DEPARTMENT OF LABOR
BUREAU OF EMPLOYEES' COMPENSATION
WASHINGTON 25, D.C.

September 17, 1963

IN REPLY REFER TO FILE NO. X-1398550

Mr. Gordon A. Nease
7812 Allan Sturges Terrace
Falls Church, Virginia

Dear Mr. Nease:

The Bureau has found your employment with the Federal Bureau of Investigation has caused a small degree of hearing loss.

All evaluations by the Bureau for permanent disability are made in accordance with the American Medical Association Standards where such standards exist and are accepted by the Association and appropriate specialty group for a particular type of disability. The formula adopted by the American Medical Association for evaluating hearing loss appears in its special publication of August 19, 1961, entitled "Guides to the Evaluation of Permanent Impairment Ear, Nose, Throat and Related Structures." This formula provides for the evaluation of hearing loss based upon the ability to hear everyday speech under everyday conditions and recommends the use of the simple average of the hearing levels at the three frequencies of 500, 1000, and 2000 cycles per second. It excludes the use of the hearing levels of the higher frequencies. The formula also excludes those values of 15 decibels or less in each of the tested frequencies because usually no impairment exists in the ability to hear everyday speech under everyday conditions.

Based on this formula the medical evidence shows that in the speech range you have a hearing loss of five decibels in the right ear and no measurable loss in the left ear. You do have a greater loss in the frequencies above 2000 cycles per second but, as indicated above, they may not be taken into account in determining your right to compensation for permanent hearing loss. The Bureau has, therefore, determined you have no entitlement to compensation at this time for permanent hearing loss.

You have the right to ask the Bureau to reconsider this decision if you believe it is not consistent with the facts. If you wish the Bureau to reconsider this decision, you should so notify this office, state the grounds for requesting reconsideration, and submit appropriate medical proof in support of your contention that your hearing loss exceeds that recognized by the Bureau.

*Memo to
Mr. Callahan
Plan
E. R. 4/19/63
mfm*

*3/1/64
mfm*

You also have the right to ask the Employees' Compensation Appeals Board to review the Bureau's decision. The Appeals Board will only review evidence considered by the Bureau in arriving at its final decision. You should notify the Bureau if you wish to appeal this decision. In such event an appropriate compensation order will be filed, and you will then be furnished instructions concerning the manner in which to pursue an appeal.

If at some later date your hearing loss should worsen, you may ask the Bureau to reopen your case. This can be done by writing to the Bureau and stating the facts which then exist.

An injured employee's right to medical care continues to exist irrespective of his right to monetary compensation. You should communicate with this office if at some future date it becomes necessary that you secure medical attention for your hearing loss.

Very truly yours,

S. D. Logsdon, Chief
Division of Claims Services

Mr. S. D. Logsdon
Chief, Division of Claims Services
Bureau of Employees' Compensation
Department of Labor
Washington 25, D. C.

Re: File No. X-1398550

W. H. Kershner

Dear Mr. Logsdon:

I have received your letter of September 17, 1963, in regard to the evaluation by your Bureau concerning a hearing loss suffered by me, possibly as a result of past employment. The action of the Bureau is entirely agreeable to me.

As I indicated to your associates several months ago when first discussing my problem with them, I did not seek or expect compensation and in fact, did not feel that I was entitled to any. I did wish to receive a proper examination to determine with some conclusiveness whether my hearing had deteriorated to the extent I had been led to believe as a result of certain examinations in other Government medical facilities, and if so, if there was any treatment I might receive to retard any possible further loss of hearing. I have been completely satisfied on both scores as a result of the excellent examinations afforded me through the efforts of your Bureau. These examinations were most painstaking and thorough and I was, indeed, impressed.

I wish at this time to express to you and your associates my sincere appreciation.

If in the future, further medical care seems warranted, I shall communicate with your office.

Sincerely yours,

Gordon A. Nease

Mr. John Edgar Hoover
Director
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Hoover:

Since the adjournment of the Congress, I have been away a substantial portion of the time, but I have not been unmindful of the vicious attacks launched at the Bureau and you personally. I have followed the matter quite completely in the press, both here and abroad. I want you to know that almost without exception all those to whom I have spoken are unequivocally behind your position.

You may be certain that I, and I am sure many others who understand the soundness of your position and views, am leaving no doubt in the minds of the quizzical. I feel and many agree with me that your words were long overdue and perhaps should have been less restrained.

If there is anything at all that you believe I can do, I should like to do it.

Sincerely,

Gordon A. Nease

DEC 15 1964

NAME CHECK

December 15, 1964

MR. GORDON A. NEASE

Following a pre-employment investigation, Mr. Nease entered on duty in the Federal Bureau of Investigation in a temporary capacity March 1, 1935, as a Typist with salary of \$4.00 per day and he was appointed on a permanent basis to the position of Typist, Grade CAF 2, \$1440 per annum, effective April 26, 1935. He was appointed to the position of Special Agent, Grade CAF 9, \$3200 per annum, effective November 1, 1938. After a period of training, he performed investigating, accounting and supervisory duties. He submitted his voluntary resignation effective at the close of business February 15, 1952, at which time he was occupying the position of Inspector, Grade GS 14, \$10,000 per annum. He was reinstated April 25, 1955, as an Inspector, Grade GS 15, \$11,610 per annum. He voluntarily resigned effective at the close of business February 6, 1959, to accept other employment. At the time of his separation, he was receiving salary of \$14,430 per annum in Grade GS 16. His services were satisfactory and nothing was known which would reflect unfavorably on his character or integrity; this comment relates only to the periods in which he was an employee of this Bureau and does not constitute and should not be construed as information concerning his character, integrity or activities since separation.

Memorandum prepared for the Name Check Section for transmittal to the Office of Special Investigations-4.

Gordon A. Nence

During the Director's conversation with Secretary of Defense McNamara on 10/16/64 the Director asked Mr. McNamara for a list of the members of the captioned squadron in order that we could check our fingerprint files concerning them. Mr. Tolson also instructed that a check be made of Bureau files.

This memorandum is to set forth a summary of the information developed as a result of these reviews, and to recommend the attached letter and enclosures be sent Secretary McNamara furnishing him the results of the reviews.

RESULTS OF REVIEW OF IDENTIFICATION DIVISION FILES

The review of identification records based on a search through the alphabetical files resulted in the location of identification records which may pertain to 62 of the 64 individuals listed on the tentative roster for the captioned group, which roster was furnished by Mr. McNamara. Since neither fingerprints nor identifying number, which is indexed in identification files, accompanied the list, we, of course, cannot guarantee that this material concerns the individuals who are included on the roster. No fingerprints of any type were located for two of the individuals, [redacted] and [redacted] and it is possible no fingerprints have ever been submitted to the Identification Division for these two individuals or that any fingerprints which may have been submitted were returned to the contributor because they were not sufficiently legible to be classified.

In the memorandum attached to the suggested letter to Secretary McNamara, we are specifically pointing out to him the above information.

The search of Identification Division files revealed arrest information on three individuals who may be identical with persons listed on the roster as follows.

Memorandum to Mr. Belmont
Re: 9999th Reserve Squadron at Capitol Hill

b.e.

b6

He is being advised no derogatory information was developed during the investigations of these individuals other than minor arrests or traffic violations in certain cases in which instance this information is being furnished.

As a matter of interest, three former Bureau employees are included in the squadron. John N. Dinsmore served as Special Agent 11/10/41 until 3/28/52 when he voluntarily resigned. McNamara is being furnished information concerning Dinsmore's divorce difficulties with his former wife. [redacted] was employed in a clerical capacity in the Identification Division from 4/14/42 to 6/22/43 and again from 9/27/48 until he resigned 6/9/51. His wife, [redacted] is a present employee of the Identification Division. McNamara is being advised only of the nonderogatory applicant investigation. Gordon A. Nease was employed in a clerical capacity 3/1/35 until 11/1/38 when he became a Special Agent. He resigned 2/15/52 and was reinstated 4/24/55. He resigned 2/6/59. McNamara is being advised only of non-derogatory applicant investigations.

b6

There follows a brief summary of the information being furnished Secretary McNamara concerning the remaining 12 individuals.

* [redacted]
Frank M. Clark, (Democratic Congressman from Pennsylvania)

Clark was investigated in 1951 pursuant to departmental instructions as result of allegations by his 1960 opponent of misfeasance in office by Clark. Other allegations were subsequently received from other sources and included reported payoffs in immigration matters, for Naval Academy appointments and for obtaining Army discharges. Information developed did not for the most part substantiate the allegations; however, one person interviewed advised under oath he paid Clark \$1,500 in cash for Clark's assistance in an immigration matter. However, when Clark was unable to pass a private bill, the money was returned. Results of investigation were furnished to the Department in May, 1961, and no further request has been received and no prosecutive action undertaken.

* [redacted] is subject of current full investigation and upon completion, results will be furnished the Secretary of Defense.

Dear Sir:

I was raised with a friend in Little Rock, Arkansas,
Named Gordon Nease, who became an agent with you in the
'30s. I have not seen or heard from him in over
thirty years.

Would you please advise me if he is still with the
F.B.I., retired, etc. He should be about 58 years old.

Very truly yours,

Lanie F. Watson

SAC McDermott, Alexandria Office, telephoned 3:30 p.m., 3-16-72, and spoke to Inspector Walsh in my office. SAC McDermott stated that the Alexandria Police Department had received an anonymous telephone call to the effect that an FBI Agent who lives near the Lake Barcroft, Virginia, area has a large gun collection in a separate room in his home and that he was going to be "hit" that afternoon.

Each division head was immediately alerted so that we could come up with names of Agents who might possibly have gun collections and live in the Lake Barcroft area. Various possibilities were suggested by the divisions and the names were given to the Alexandria field office. In screening out these names based on the likelihood of ownership of guns and proximity to the area, SAC McDermott furnished the Alexandria Police Department with the name of SA George A. Zeiss, Firearms Instructor at Quantico, who lives in the general area. Also furnished were the names of two former Agents who are believed to have gun collections, namely ^{former} SAC of Quantico Henry L. Sloan and former Inspector Gordon A. Nease. It is understood that the Alexandria Police Department increased their patrols in the area of the residences of the above-named individuals. As of 9:30 this morning 3-17-72, there were no incidents reported involving any Bureau employees in the Lake Barcroft area.

RECOMMENDATION:

None. The foregoing is submitted for information.

MR. GORDON ARTHUR NEASE

Following a pre-employment investigation, Mr. Nease entered on duty in the Federal Bureau of Investigation in a temporary capacity March 1, 1935, as a Typist with salary of \$4.00 per day and he was appointed on a permanent basis to the position of Typist, Grade CAF 2, \$1440 per annum, effective April 26, 1935. He was appointed to the position of Special Agent, Grade CAF 9, \$3200 per annum, effective November 1, 1938. After a period of training, he performed investigating, accounting and supervisory duties. He submitted his voluntary resignation effective at the close of business February 15, 1952, at which time he was occupying the position of Inspector, Grade GS 14, \$10,000 per annum. He was reinstated April 25, 1955, as an Inspector, Grade GS 15, \$11,610 per annum. He voluntarily resigned effective at the close of business February 6, 1959, to accept other employment. At the time of his separation, he was receiving salary of \$14,430 per annum in Grade GS 16. His services were satisfactory and nothing was known which would reflect unfavorably on his character or integrity; this comment relates only to the periods in which he was an employee of this Bureau and does not constitute and should not be construed as information concerning his character, integrity or activities since separation.

Memorandum prepared for the Name Check Section for transmittal to the Defense Intelligence Agency.

UNITED STATES GOVERNMENT

Memorandum

TO : The Director

DATE: June 29, 1965

FROM : N. P. Callahan

SUBJECT: The Congressional Record

Page 14472. Senators Jackson, (D) Washington, and Stennis, (D) Mississippi, during the discussion on the Military Construction appropriation bill, commended Mr. Gordon Nease. Mr. Jackson stated "Those of us who serve on the committees of Congress are aware of the important role of the staff. Gordon Nease has done an outstanding job in calling to the attention of the committee the projects which needed a careful examination." Mr. Stennis stated "I think the Senator. . . . I heartily commend him for what he has done for Mr. Nease, who is one of the most valuable staff members I know of. His willingness to work and his knowledge are invaluable to the country. He spent a great deal of time traveling, searching into the facts, day and night, checking and rechecking, and he has saved literally millions of dollars in the bill itself." (Gordon A. Nease entered on duty March 1, 1955, as a typist; appointed an Agent on November 1, 1955; resigned February 15, 1956; reinstated as an Agent on April 25, 1956, and resigned February 8, 1958. His services were satisfactory.)

Original filed in: 66-1731

REC-132

13 In the original of a memorandum captioned and dated as above, the Congressional Record for 6-28-65 was reviewed and pertinent items were marked for the Director's attention. This form has been prepared in order that portions of a copy of the original memorandum may be clipped, mounted, and placed in appropriate Bureau case or subject matter files.

Mr. Gordon A. Nease
7812 Allan Sturges Terrace
Falls Church, Virginia

Dear Gordon:

Thank you for your note of December 3rd
and support of my administration of the Bureau. Your
words of encouragement mean a great deal to me, and it
is hoped our future endeavors will continue to meet with
your approval.

Sincerely,

JED

Dear Mr. Nease:

It occurred to me that you may wish to have the enclosed copies of my prepared testimony before the Judiciary Committee of the United States Senate.

I send these to you because you devoted so many years of your life to making the FBI the institution that it is in our country.

With my best wishes and warm regards,

Sincerely,
L. Patrick Gray, III
